Vietnam Spencer C. Tucker, 2002-11-01 A comprehensive overview of warfare in Vietnamese history from the early efforts to free themselves from Chinese control through the Indo China and Vietnam Wars the Vietnamese invasion of Cambodia up to the Sino Vietnamese War in 1979 Concentrating on the Vietnam War the author explores the conflict from the Vietnamese perspective demonstrating how for many Vietnamese the war was merely one of a long series of struggles against foreign domination Encompassing socio political economic diplomatic and cultural issues this text provides an introduction to Vietnam's military history and will be of interest to students of 20th century American and Asian history

Cauldron of Resistance Jessica M. Chapman, 2013-01-25 In 1955 Ngo Dinh Diem organized an election to depose chief of state Bao Dai after which he proclaimed himself the first president of the newly created Republic of Vietnam The United States sanctioned the results of this election which was widely condemned as fraudulent and provided substantial economic aid and advice to the RVN Because of this Diem is often viewed as a mere puppet of the United States in service of its Cold War geopolitical strategy That narrative Jessica M Chapman contends in *Cauldron of Resistance* grossly oversimplifies the complexity of South Vietnam's domestic politics and indeed Diem's own political savvy Based on extensive work in Vietnamese French and American archives Chapman offers a detailed account of three crucial years 1953 1956 during which a new Vietnamese political order was established in the south It is in large part a history of Diem's political ascent as he managed to subdue the former Emperor Bao Dai the armed Hoa Hao and Cao Dai religious organizations and the Binh Xuyen crime organization It is also an unparalleled account of these same outcast political powers forces that would reemerge as destabilizing political and military actors in the late 1950s and early 1960s Chapman shows Diem to be an engaged leader whose personalist ideology influenced his vision for the new South Vietnamese state but also shaped the policies that would spell his demise Washington's support for Diem because of his staunch anticommunism encouraged him to employ oppressive measures to suppress dissent thereby contributing to the alienation of his constituency and helped inspire the organized opposition to his government that would emerge by the late 1950s and eventually lead to the Vietnam War

Vietnam Past and Present Andrew Forbes, David Henley, 2012-12-26 There can be few people in the world that do not know the name location and recent history of Vietnam Yet beyond the period of US involvement in what Americans call the Vietnam War how much is really known Almost no Vietnamese bear a grudge against the USA but this is less true for China Vietnam's close neighbor mentor and rival for more than two thousand years For example Vietnamese like to name their streets after what they consider to have been acts of foreign aggression and in Hanoi no fewer than 119 streets

are named after acts of Chinese and French aggression By contrast just two are named for acts of American aggression Based on an intimate personal knowledge of Vietnam extending over two decades this book explores Hanoi and the North It leads the reader not just across contemporary Tonkin but also through its long history linking the present day with the distant past 62 000 words 81 contemporary images 38 historical images 4 maps Glossary Bibliography Modern Chinese Warfare, 1795-1989 Bruce A. Elleman, 2005-07-28 A survey of Chinese warfare both internal and international from the opium wars of the 1840s through to the end of Vietnam China and the Silk Roads (ca. 100 BCE to 1800 CE) Angela Schottenhammer, 2023-09-14 The book investigates China's relations to the outside world between ca 100 BCE and 1800 CE In contrast to most histories of the Silk Roads the focus of this book clearly lies on the maritime Silk Road and on the period between Tang and high Qing selecting aspects that have so far been neglected in research on the history of China's relations with the outside world The author examines for example issue of imperialism in imperial China the specific role of fanbing frontier tribal troops during Song times the interrelationship between maritime commerce military expansion and environmental factors during the Yuan the question of whether or not early Ming China can be considered a proto colonialist country the role force and violence played during the Zheng He expeditions and the significance the Asia Pacific world possessed for late Ming and early Qing rulers **Casebook on Insurgency and Revolutionary Warfare**, 2012 **Gods, Heroes, and Ancestors** Anh Q. Tran, 2018 Though a minority religion in Vietnam Christianity has been a significant presence in the country since its arrival in the sixteenth century Anh Q Tran offers the first English translation of the recently discovered 1752 manuscript Tam Gi o Chu Vong The Errors of the Three Religions Structured as a dialogue between a Christian priest and a Confucian scholar this anonymously authored manuscript paints a rich picture of the three traditional Vietnamese religions Confucianism Buddhism and Daoism The work explains and evaluates several religious beliefs customs and rituals of eighteenth century Vietnam many of which are still in practice today In addition it contains a trove of information on the challenges and struggles that Vietnamese Christian converts had to face in following the new faith Besides its great historical value for studies in Vietnamese religion language and culture Gods Heroes and Ancestors raises complex issues concerning the encounter between Christianity and other religions Christian missions religious pluralism and interreligious dialogue
