Hollywood or History? Lisa K. Pennington,Donna Fortune,Mary E. Tackett,Paige Horst,Meghan A. Kessler,2024-09-01 Teaching and learning through Hollywood or commercial film and television productions is anything but a new approach and has been something of a mainstay in the classroom for nearly a century However purposeful and effective instruction through film is not problem free and there are many challenges that accompany classroom applications of Hollywood motion pictures In response to the problems and possibilities associated with teaching through film we are developing a collection of practical classroom ready lesson ideas that might bridge gaps between theory and practice and

assist teachers endeavoring to make effective use of film in their classrooms We believe that film can serve as a powerful tool in the social studies classroom and where appropriately utilized foster critical thinking and civic mindedness The NCSS College Career and Civic Life C3 framework represents a renewed and formalized emphasis on the perennial social studies goals of deep thinking reading and writing We believe that as teachers endeavor to digest and implement the platform in schools and classrooms across the country the desire for access to structured strategies that lead to more active and rigorous investigation in the social studies classroom will grow increasingly acute Our hope is that this edited book might play a small role in the larger project of supporting practitioners specifically K 6 teachers of social studies content by offering a collection of classroom ready tools based on the Hollywood or History strategy and designed to foster inquiry through the careful use of selected motion pictures and television productions

Global LGBTQ+ Concerns in a Contemporary World: Politics, Prejudice, and Community Rajput, Namita, Katyal, Aishwarya, Katyal, Radhhika, 2022-09-16 Despite the empowering pride culture that has evolved globally in the past half century the LGBTQAI community continues to face widespread discrimination They are often subjected to cruelty and discrimination and are the bearers of a heavy psychological burden and frustration that stems from not coming out and expressing their concerns freely Today the invisibility of this community and its concerns have become enormous challenges for the world as their interests often go unrepresented and unaddressed by governments due to various barriers Global LGBTQ Concerns in a Contemporary World Politics Prejudice and Community considers the harsh realities of the LGBTQAI community and draws attention to key issues such as violation of their rights and disparities in access to basic amenities such as healthcare employment and security Covering key topics such as inclusion mental health queer communities and human rights this reference work is ideal for activists advocates politicians sociologists gender studies specialists policymakers government officials industry professionals researchers scholars academicians practitioners instructors and students

Educators on Diversity, Social Justice, and

Schooling Sonya E. Singer, Mary Jane Harkins, 2018-04-30 Educators on Diversity Social Justice and Schooling identifies categories of privilege and marginalization in the master narrative of social discourse and works to bring equity into classrooms across Canada This timely text challenges students to question the power relations that value one group's system of knowledge over another and brings this to bear on the classroom environment This volume features contributions by educators from diverse disciplinary backgrounds and includes chapter end key questions additional resources for more information and suggested activities to engage students in critical thought and to ground concepts of diversity and social justice in practical application Students in undergraduate and graduate education programs will value the combination of theoretical and practical knowledge that this collection puts forth to foster a new generation of inclusive educators

The Limits of Liberty Sarah Conly, 2025 Liberty in itself has no value Whether liberty matters depends on what state of affairs the liberty in question produces or allows That is when liberty is valuable it is valuable only as a means to an end If a specific liberty no longer produces a net valuable end that has no value and there is no reason to preserve it If a person or people's having a liberty does too much harm that liberty needs to be curtailed and the loss of that liberty is not the loss of anything of value Provided by publisher

Gender and the Science of Difference Jill A. Fisher, 2011 How does contemporary science contribute to our understanding about what it means to be women or men What are the social implications of scientific claims about differences between male and female brains hormones and genes How does culture influence scientific and medical research and its findings about human sexuality especially so called normal and deviant desires and behaviors Gender and the Science of Difference examines how contemporary science shapes and is shaped by gender ideals and images Prior scholarship has illustrated how past cultures of science were infused with patriarchal norms and values that influenced the kinds of research that was conducted and the interpretation of findings about differences between men and women This interdisciplinary volume presents empirical inquiries into today's science including examples of gendered scientific inquiry and medical interventions and research It analyzes how scientific and medical knowledge produces gender norms through an emphasis on sex differences and includes both U S and non U S cases and examples

Teaching for Democracy in an Age of Economic Disparity Cory Wright-Maley, Trent Davis, 2016-07-01 Teaching for Democracy in an Age of Economic Disparity addresses the intersections between democratic education and economic inequality in American society Drawing upon well established theoretical constructs in the literature on democratic citizenship as well as recent events this volume outlines the ways in which students can not only be educated about democracy but become actively engaged in the social issues of their time The collection begins with an examination of how the confluence of capitalism and education have problematized the current model of democratic education before transitioning into discussions of how teachers can confront economic disparity both economically and civically in the classroom The authors then introduce a variety of ways in which teachers can engage and empower students civic action at all grade levels As a final component the volume explores new

avenues for civic action including the use of social media for democratic engagement in schools and opportunities for critical reflection and cross cultural dialogue This book is a valuable resource for both scholars interested in the research on democratic education and practicing teachers wishing to turn their students into critical active citizens
