Answers In Genesis Science:

The New Answers Book Ken Ham, 2006 In today's world Christians find challenges to their faith every day This new resource gives answers for some of the most difficult questions that modern Christians face and provides a ready defense against the attacks of evolutionary thought **The Unfinished Drama of Scripture**, *Reading the Bible with Its Writers* Stephen Burnhope, 2025-02-28 The Bible is a collection of sixty six books written by many different people over many hundreds of years All of its writers lived in an ancient world context and thought in ancient world ways But as Bible readers today we live and think in the modern world which is increasingly a postmodern world Things that were obvious to them are not obvious to us and vice versa For Christians who want to be faithful to the Bible as the Word of God the time and distance between then and now is a real challenge to navigate Stephen Burnhope suggests that we won't get it right by collapsing that gap by just picking the text up and reading it The Bible says insert a verse is not enough We will mishear both what the human authors were saying and what the divine author was saying Reading the Bible well starts from reading it with its writers understanding it as they understood it what they were saying why they said it and how they said it All of which is shaped and framed by the Bible's big themes that once we're aware of them we see running throughout from cover to cover
