Leab,2008-05-28 Film and cinema **George Orwell** Peter Brian Barry,2023 George Orwell The Ethics of Equality is the first book written by a philosopher about George Orwell s philosophy especially his ethics Orwell is sometimes understood to be profoundly disinterested in philosophy but he had much to say about philosophical matters including humanism the good life free will and moral responsibility equality liberty justice and more Peter Brian Barry examines all of Orwell s collected works including his fiction journalism essays book reviews diaries and correspondence to make the case for Orwell s relevance as a philosophical thinker George Orwell's Animal Farm Harold Bloom,2006 In a single enlightening volume Animal Farm presents a helpful literary guide to one of George Orwell s most famous literary works Tracing the rise of Napoleon as the leader of the barnyard animals over humans to ruling dictator of the farmyard community this classic satiric fable serves as a warning to all societies as it depicts the slide from revolution to totalitarianism Coverage includes An introduction by renowned critic Harold Bloom considers the significance of Animal Farm A brief biographical sketch offers insight into Orwell s life The Story Behind the Story details the circumstances surrounding the inception and development of the work A summary with analysis review explains key points of the work Selections from critical essays written by leading scholars provide accessible explorations of the work Annotated bibliographies direct readers to additional materials on the subject and explain the importance of each **Across the Blocs** Patrick Major,Rana Mitter,2004-08-02 This book asks the reader to reassess the Cold War not just as superpower conflict and high diplomacy but as social and cultural history It makes cross cultural comparisons of the socio cultural aspects of the Cold War across the East West block divide dealing with issues including broadcasting public opinion and the production and consumption of popular culture *Basics Animation 01: Scriptwriting* Paul Wells,2007-11-13 The Basics Animation series follows on from the successful title The Fundamentals of Animation and offers a concise but comprehensive account of a number of definitions and approaches to script drawing upon the available literature The book adopts a straightforward approach that is diagnostic advisory and characterized by a range of examples Most importantly Basics Animation Scriptwriting seeks to promote the distinctiveness of animation as a form of expression and provides a clear account of the choices and approaches available to the scriptwriter animator director and the particularities of each model Inevitably some of these models will have common approaches but equally there will be localized variations dependent upon the definition understanding of animation adopted by individuals companies and studios George Orwell's Perverse Humanity Glenn Burgess,2023-04-06 This is the first book to focus primarily on George Orwell s ideas about free speech and related matters freedom of the press the writer s freedom of expression honesty and truthfulness and in particular the ways in which they are linked to his political vision of socialism Orwell is today claimed by the Left and Right by neo conservatives and neo socialists How is that possible Part of the answer as Glenn Burgess reveals is

that Orwell was an odd sort of socialist The development of Orwell s socialism was from the start conditioned by his individualist and liberal commitments The hopes he attached to socialism were for a fairer more equal world that would permit human freedom and individuality to flourish completing not destroying the work of liberalism Freedom of thought was a central part of this and its defence and use were essential parts of the struggle to ensure that socialism developed in a liberal humane form that did not follow the totalitarian path of Soviet communism Written in celebration of Orwell s dictum We hold that the most perverse human being is more interesting than the most orthodox gramophone record George Orwell s Perverse Humanity is a portrait of Orwell that captures these themes and provides a new understanding of him as a political thinker and activist Based on archival research and new materials that affirm his work as an activist for freedom it also uncovers a socialist ideology that has been obscured in just the way that the author feared it would be associated in many people s minds with totalitarian unfreedom [The Cambridge Companion to George Orwell](#) John Rodden,2007-06-21
