International Financial Statistics, November 2015 International Monetary Fund. Statistics Dept., 2015-10-30 This November 2015 issue of International Financial Statistics is a standard source of statistics on all aspects of international and domestic finance This annual publication provides detailed data on transactions in revenue expense net acquisition of assets and liabilities other economic flows and balances of assets and liabilities of general government and its subsectors The data are compiled according to the framework of the 2014 Government Finance Statistics Manual which provides for several summary measures of government fiscal performance The country tables euro area tables and world tables provide measures of effective exchange rates compiled by the IMF's Research Department Strategy Policy and Review Department Statistics Department and area departments The General Resources Account GRA resources consist of the currencies of Fund member countries SDRs and

gold Borrowings are regarded as a temporary source of funds In order to supplement its quota resources the IMF has the authority to borrow the currency of any member from any source with the consent of the issuer *Haiti International Monetary Fund. Western Hemisphere Dept.,2015-01-05 EXECUTIVE SUMMARY* This is the final review under the Extended Credit Facility ECF arrangement The program contributed to maintaining macroeconomic stability and there was progress on structural reforms The authorities intend to request a successor arrangement under the ECF A new finance minister was appointed in April uncertainly remains on the timing of elections Preliminary data suggest that GDP in FY2014 grew by 3 5 4 percent while inflation increased slightly to about 5 percent An increase in fuel prices in October should result in fiscal savings of at least 1 percent of GDP during FY2015 The March performance criterion on net international reserves NIR was met but although the deficit was lower than projected the performance criterion on net central bank credit to the central government was missed Downside risks are significant and include a pull back of Venezuela related flows a resumption of political tensions and vulnerability to weather events A total of SDR 1 638 million will become available upon completion of this review bringing total disbursements under the ECF to SDR 40 950 million Key Policy Recommendations The policy mix in particular the adjustment going forward should come from a lower fiscal deficit rather than from a tighter monetary policy The FY2015 fiscal deficit should be reduced to mitigate financing risks as part of a medium term plan to restore fiscal sustainability The central bank should let the exchange rate adjust more to market pressures Intervention should be parsimonious geared at avoiding excess volatility and disorderly movements in the exchange rate it should be guided by fundamentals in the medium term Progress on structural reforms including on the energy sector and on public financial management should catalyze more donor support and is essential for supporting growth A possible new ECF arrangement would entrench macroeconomic stability and promote policies to generate sustained GDP growth **International**
