Explaining Inequality Maurizio Franzini, Mario Pianta, 2015-12-14 Inequalities in incomes and wealth have increased in advanced countries making our economies less dynamic our societies more unjust and our political processes less democratic As a result reducing inequalities is now a major economic social and political challenge This book provides a concise yet comprehensive overview of the economics of inequality Until recently economic inequality has been the object of limited research efforts attracting only modest attention in the political arena despite important advances in the knowledge of its dimensions a convincing understanding of the mechanisms at its roots is still lacking This book summarizes the topic and provides an interpretation of the mechanisms responsible for increased disparities Building on this analysis the book argues for an integrated set of policies addressing the roots of inequalities in incomes and wealth *Explaining Inequality* will be of interest to students researchers and practitioners concerned with inequality economic and public policy and political economy

Improving a Country's Education Nuno Crato, 2020-11-23 This open access book compares and contrasts the results of international student assessments in ten countries The OECD's Programme for International Student Assessment PISA released the results of its 2018 assessment in December 2019 This book reflects the debates that typically follow the release of these results and focuses on the causes of differences between countries Such causes include continuous decline in one country improvement combined with increasing internal inequalities in another country or rapid improvement in spite of an outdated curriculum in yet another In addition the book discusses a number of general questions Is knowledge outdated Are computers taking over and replacing teachers Are schools killing creativity Are we adequately preparing the next generation Are schools failing to educate our kids The book starts out with a summary of PISA's evolution and PISA results and an explanation of the major factors that play a role in changes in countries results The next ten chapters are devoted to ten specific countries offering a summary of data and an explanation of the major drivers for changes in education results for each one Each chapter includes a short description of the country's educational system as well as the impact of PISA and other ILSA studies on the country's educational policies The chapters also include a timeline of policy measures and main hallmarks of the country's educational evolution discussing the impact of these measures on its PISA results A final reference

chapter explains what PISA is what it measures and how While highlighting the 2018 results the book also takes into consideration previous results as well as long term initiatives This book gathers the contribution of well known and respected experts in the field Specialists such as Eric Hanushek for the US Tim Oates for England Montse Gomendio for Spain Gunda Tire for Estonia and all other contributors draw on their vast experience and statistical analysis expertise to draw a set of rich country lessons and recommendations that are invaluable for all of those who care about improving a country s education system
