MARKING GUIDELINES

ACCOUNTING (PAPER 1)

12 pages

MARKING PRINCIPLES:

1. Unless otherwise stated in the marking guidelines, penalties for foreign items are applied only if the candidate is not losing marks elsewhere in the question for that item (no penalty for misplaced item). No double penalty applied.
2. Penalties for placement or poor presentation (e.g. details) are applied only if the candidate is earning marks on the figures for that item.
3. Unless otherwise stated, give full marks for correct answer. If answer is incorrect, mark workings.
4. If a pre-adjustment figure is shown as a final figure, allocate the part-mark for the working for that figure (not the method mark for the answer). Note: if figures are stipulated in memo for components of workings, these do not carry the method mark for final answer as well.
5. Unless otherwise indicated, the positive or negative effect of any figure must be considered to award the mark. If no + or – sign or bracket is provided, assume that the figure is positive.
6. Where indicated, part-marks may be awarded to differentiate between differing qualities of answers from candidates.
7. If candidates provide more than the required number of responses, inspect all responses to give benefit to the candidate. Penalties may be applied for foreign entries if candidates earn full marks on a question (max. -2 per Q).
8. Where penalties are applied, the marks for that section of the question cannot be a final negative.
9. Where method marks are awarded for operation, marker must inspect reasonableness of the answer.
10. Operation means 'check operation'. 'One part correct' means operation and one part correct. Note: check operation must be +, -, x, ÷, or per memo.
11. In calculations, do not award marks for workings if numerator & denominator are swapped – this also applies to ratios.
12. In awarding method marks, ensure that candidates do not get full marks for any item that is incorrect at least in part. Indicate with a 0.
13. Be aware of candidates who provide valid alternatives beyond the marking guideline. Note that one comment could contain different aspects.
14. Codes: f = foreign item; p = placement/presentation.

Memories offers a unique insight into an unexpectedly momentous facet of Dublin's political and student life from 1913 to the end of the turbulent year that was 1916. V V Giri, fourth President of India 1969-74, who would later say of himself when I am not an Indian I am an Irishman, and a group of twelve Indian law students at King's Inns and University College Dublin witnessed and participated in the events of these dramatic years. Drawn from diaries, letters, military and university records, their memories of the Dublin Lockout, the Irish Volunteers, the Easter Rising, student integration and subversion provide a fascinating perspective on life inside and outside the university. This intersection with Ireland's wartime and insurrectionary experience inspired V V Giri's work for the Indian independence movement and had a profound effect on his fellow students. Through the eyes of Giri, his countrymen and Conor Mulvagh's expert research, a vivid and neglected narrative on 1916 is finally uncovered.

The Return of Egypt Stefano M. Torelli, 2015-09-17. Egypt has reappeared again as a leading actor in the Middle East. After the fall of Mubarak, the rise to power of the Muslim Brotherhood and its ouster, the country has chosen its new strongman. Following the elections of al Sisi, Egypt is back to pursuing a pro-active policy, not only internally but also in the neighbourhood. The restoration of the strategic axis with Saudi Arabia and the struggle against radical Islam are the two pillars of this new political phase. However, there are critical elements too: from further deterioration of the political and civil liberties, indexes to the emergence of jihadist groups in the Sinai, to the enduring economic and financial difficulties. As a result of these changes, Europe and Italy should calibrate a new policy aimed at safeguarding their interests, especially from the points of view of security, stability and the fight against terrorism, also promoting more inclusive practices by the Cairo government vis-à-vis the opposition, including the Muslim Brotherhood, and developing policies which can help Egypt to respond to future challenges in terms of economic growth, poverty alleviation, demographic pressure and the creation of employment opportunities.
