Needs Since the Warnock Report and Implications for the Future** Geoff Lindsay, Julie Dockrell, Klaus
Wedell, 2020-03-18 **The Concept of Argument** Harald R. Wohlrapp, 2014-06-26 Arguing that our attachment to
Aristotelian modes of discourse makes a revision of their conceptual foundations long overdue the author proposes the
consideration of unacknowledged factors that play a central role in argument itself These are in particular the subjective
imprint and the dynamics of argumentation Their inclusion in a four dimensional framework subjective objective structural
procedural and the focus on thesis validity allow for a more realistic view of our discourse practice Exhaustive analyses of
fascinating historical and contemporary arguments are provided These range from Columbus s advocacy of the Western
Passage to India over the trial of King Louis XVI during the French Revolution to today s highly charged controversies
surrounding euthanasia and embryo research Excavating foundational issues such as the purpose of argument itself assent of
an audience or critical examination of validity claims and the contested role of argument as a generator of knowledge the
book culminates in a discussion of the relationship between rationality and reasonableness and criticizes the restrictions of
rational argument relying on fixed logical economic or cultural criteria that in reality are mutable Here a true open argument
requires the infusion of Paul Lorenzen s principle of transsubjectivity which recognizes but transcends the partiality of the
individual and which can be seen in the pragmatic and expanding consensus that humanity can control itself to safeguard the
future of a fragile damaged world Disturbing Argument Catherine Palczewski, 2015-01-30 This edited volume represents
the best of the scholarship presented at the 18th National Communication Association American Forensic Association
Conference on Argumentation This biennial conference brings together a lively group of argumentation scholars from a

the disturbing prevalence of violence in the contemporary world and to the potential of argument itself to disturb the very
relations of power that enable that violence Scholars essays analyze a range of argument forms including body and visual
