 more than 3 decades the U S Army War College USAWC Department of National Security and Strategy has faced the
 challenge of educating future strategic leaders on the subject of national security or grand strategy Fitting at the top of an
 officer s or government official s career long professional development program this challenge has been to design a course
 on strategy that incorporates its many facets in a short period of time all within the 1 year senior service college curriculum
 To do this a conceptual approach has provided the framework to think about strategy formulation The purpose of this volume
 is to present the USAWC strategy formulation model to students and practitioners This book serves as a guide to one method
 for the formulation analysis and study of strategy an approach which we have found to be useful in providing generations of
 strategists with the conceptual tools to think systematically strategically critically creatively and big Balancing what is
 described in the chapters as ends ways and means remains at the core of the Army War College s approach to national
