Bagley, Karin K. Hess, 1993 Nurturing Creativity in the Classroom Ronald A. Beghetto, James C. Kaufman, 2010-06-28 Nurturing Creativity in the Classroom is a groundbreaking collection of essays by leading scholars who examine and respond to the tension that many educators face in valuing student creativity but believing that they cannot support it given the curricular constraints of the classroom Is it possible for teachers to nurture creative development and expression without drifting into curricular chaos Do curricular constraints necessarily lead to choosing conformity over creativity This book combines the perspectives of top educators and psychologists to generate practical advice for considering and addressing the challenges of supporting creativity within the classroom It is unique in its balance of practical recommendations for nurturing creativity and thoughtful appreciation of curricular constraints This approach helps ensure that the insights and advice found in this collection will take root in educators practice rather than being construed as yet another demand placed on their overflowing plate of responsibilities Creativity for 21st Century Skills Jane Piirto, 2011-10-23 VERY practical on target for schools today good balance of theory with anecdotal connections At first I was worried about the time involved I discovered when given 5 minutes the time is a continuation to their work in progress Realizing that creativity does not have to consume large chunks of time is more meaningful than tokens I like the tone of the writing It feels like there is a conversation going on I like the stories of famous people and how their creativity influenced and changed their lives CREATIVITY FOR 21ST CENTURY SKILLS describes what many creative people really do when they create It focuses on the practical applications of a theoretical approach to creativity training the author has developed Many suggestions for enhancing creativity focus on ideas that are over 60 years old This new approach may be helpful for those seeking to develop 21st Century Skills of creativity Five core attitudes Naivet Risk taking Self Discipline Tolerance for Ambiguity and Group Trust Seven I s Inspiration Intuition Improvisation Imagination Imagery Incubation and Insight and several General Practices the use of ritual meditation solitude exercise silence and a creative attitude to the process of life with corresponding activities are described discussed and illustrated A discussion of how to be creative within an educational institution is also included JANE PIIRTO is Trustees Distinguished Professor at Ashland University Her doctorate is in educational leadership She has worked with students pre K to doctoral level as a teacher administrator and professor She has published 11 books both literary and scholarly and many scholarly articles in peer reviewed journals and anthologies as well as several poetry and creative nonfiction chapbooks She has won Individual Artist Fellowships from the Ohio Arts Council in both poetry and fiction and is one of the few American writers listed as both a poet and a writer in the Directory of American Poets and Writers She is a recipient of the Mensa
