Educational Technologies for Teaching Argumentation Skills Niels Pinkwart,Bruce M. McLaren,2012 Considerable efforts have been

made in developing and assessing educational technology to support and teach argumentation These efforts have culminated in the form of techniques which include Intelligent Tutoring Systems and Computer Supported Collaborative Learning Many of these techniques have been shown to be effective for specific argumentation domains At the same time the general design problem of how to support a learner's acquisition of argumentation skills through computer aided tools has not yet been perfected This e book presents a collection of current approaches in educational technologies for argumentation

Technological approaches underlying successful argumentation systems are presented along with their relation to the success of these tools Format Influence Hugo Raines, AI, 2025-05-05 *Format Influence* explores how different communication formats specifically letters and structured essays impact persuasion and shape public opinion It posits that the choice of format whether a personalized letter or a formal essay fundamentally affects how ideas are received and understood Letters with their intimate tone can foster a direct connection while structured essays employing logical reasoning establish authority One intriguing insight is how letters encourage empathy potentially leading to greater persuasiveness while essays shape broader public opinion The book examines the historical evolution of these formats analyzing how they've been used in political discourse scientific debate and literary movements It showcases how format influences audience perception demonstrating that format choice goes beyond mere style *Format Influence* progresses by first introducing core rhetorical principles then analyzing case studies culminating in a comparative analysis that offers practical guidelines for effective communication Ultimately the book aims to provide readers with a method to strategically select the most effective format to accomplish specific communication objectives *In the Best Interest of Students* Kelly

Gallagher, 2023-10-10 In his new book *In the Best Interest of Students Staying True to What Works in the ELA Classroom* teacher and author Kelly Gallagher notes that there are real strengths in the Common Core standards and there are significant weaknesses as well He takes the long view reminding us that standards come and go but good teaching remains grounded in proven practices that sharpen students literacy skills Instead of blindly adhering to the latest standards movement Gallagher suggests Increasing the amount of reading and writing students are doing while giving students more choice around those activities Balancing rigorous high quality literature and non fiction works with student selected titles Encouraging readers to deepen their comprehension by moving beyond the four corners of the text Planning lessons that move beyond Common Core expectations to help young writers achieve more authenticity through the blending of genres Using modeling to enrich students writing skills in the prewriting drafting and revision stages Resisting the de emphasis of narrative and imaginative reading and writing Amid the frenzy of trying to teach to a new set of standards Kelly Gallagher is a strong voice of reason reminding us that instruction should be anchored around one guiding question What is in the best interest of our students Debating Gun Control David DeGrazia, Lester H. Hunt, 2016 Americans have an

ambivalent relationship to guns The debate over the role of guns and gun regulations in American society tends to be

acrimonious and misinformed DeGrazia and Hunt bring the advantages of philosophical analysis to this highly charged issue in the service of illuminating the strongest possible cases for and against relatively extensive gun regulations *The Informed Argument* Robert K. Miller, 1989

Collegiate Reader Christine Robinson, **The Informed Argument** Robert Keith Miller, 1992 **Disturbing Argument** Catherine Palczewski, 2015-01-30 This edited volume represents the best of the scholarship presented at the 18th National Communication Association American Forensic Association Conference on Argumentation This biennial conference

brings together a lively group of argumentation scholars from a range of disciplinary approaches and a variety of countries. Disturbing Argument contains selected works that speak both to the disturbing prevalence of violence in the contemporary world and to the potential of argument itself to disturb the very relations of power that enable that violence. Scholars' essays analyze a range of argument forms including bodily and visual argument, interpersonal and group argument, argument in electoral politics, public argument, argument in social protest, scientific and technical argument, and argument and debate pedagogy. Contributors study argument using a range of methodological approaches from social scientifically informed studies of interpersonal, group, and political argument to humanistic examinations of argument theory, political discourse, and social protest to creatively informed considerations of argument practices that truly disturb the boundaries of what we consider argument. *The Informed Argument* ,1995
