

ARISTOTLE'S NICOMACHEAN ETHICS

A NEW TRANSLATION BY
Robert C. Bartlett and Susan D. Collins

Aristotle Nicomachean Ethics Book 1 Chapter 7

Béla Szabados, Eldon Soifer

Aristotle Nicomachean Ethics Book 1 Chapter 7:

Aristotle's Nicomachean Ethics Michael Pakaluk, 2005-08-25 This is an engaging and accessible introduction to the Nicomachean Ethics Aristotle's great masterpiece of moral philosophy Michael Pakaluk offers a thorough and lucid examination of the entire work uncovering Aristotle's motivations and basic views while paying careful attention to his arguments The chapter on friendship captures Aristotle's doctrine with clarity and insight and Pakaluk gives original and compelling interpretations of the Function Argument the Doctrine of the Mean courage and other character virtues Akrasia and the two treatments of pleasure There is also a useful section on how to read an Aristotelian text This book will be invaluable for all student readers encountering one of the most important and influential works of Western philosophy

Perfectionism Thomas Hurka Professor of Philosophy University of Calgary, 1993-04-29 Perfectionism is one of the great moralities of the Western tradition It holds that certain states of humans such as knowledge achievement and friendship are good apart from any pleasure they may bring and that the morally right act is always the one that most promotes these states Defined more narrowly perfectionism identifies the human good by reference to human nature if knowledge and achievement are good it is because they realize aspects of human nature This book gives an account of perfectionism first in the narrower sense analyzing its central concepts and defending a theory of human nature in which rationality plays a central role It then uses this theory to construct an elaborate account of the intrinsic value of beliefs and actions that embody rationality and applies this account to political questions about liberty and equality The book attempts to formulate the most defensible version of perfectionism using contemporary analytic techniques It aims both to regain for perfectionism a central place in contemporary moral debate and to shed light on the writings of classical perfectionists such as Aristotle Aquinas Hegel Marx Nietzsche and T H Green

What We Owe to Nonhuman Animals Gary Steiner, 2023-09-27 This book strongly challenges the Western philosophical tradition's assertion that humans are superior to nonhuman animals It makes a case for the full and direct moral status of nonhuman animals The book provides the basis for a radical critique of the entire trajectory of animal studies over the past fifteen years The key idea explored is that of felt kinship a sense of shared fate with and obligations to all sentient life It will help to inspire some deep rethinking on the part of leading exponents of animal studies The book's strong outlook is expressed through an appeal for radical humility on the side of humans rather than a constant reference to the human animal divide Historical figures examined in depth include Aristotle Seneca and Kant contemporary figures examined include Christine Korsgaard and Martha Nussbaum This book presents an account according to which the tradition has not proceeded on the basis of impartial motivations at all but instead has made a set of pointedly self-serving assumptions about the proper criteria for assessing moral worth Readers of this book will gain exposure to a wide variety of thinkers in the Western philosophical tradition historical as well as contemporary This book is suitable for professionals working in nonhuman animal studies students advanced undergraduates and practitioners working in the fields of philosophy

environmental studies law literature anthropology and related fields

Human Excellence and an Ecological

Conception of the Psyche John H. Riker, 1991-01-01 This book explores the possibility of grounding the idea of human excellence which has traditionally been associated with hierarchical systems on an ecological structuring of the psyche Riker bases his concept on recent work in psychoanalytic theory emotion theory sociobiology ethnogenic social psychology and feminism as well as on the insights of such philosophers as Aristotle Nietzsche Whitehead Heidegger and Wittgenstein

Hypocrisy Béla Szabados, Eldon Soifer, 2004-05-10 What is a hypocrite What role does hypocrisy play in our lives Why is it thought to be such an ugly vice Is it ever acceptable What do we lose in our indifference to it Hypocrisy Ethical Investigations seeks to illuminate the concept of hypocrisy by exploring its multiple roles in our moral and political lives and struggles The authors provide a critical examination of a wide range of perspectives on the nature varieties and significance of hypocrisy arguing that it is a key concept in the investigation of the field of morality in general including its moralizing excesses

Post-Punk Perception Edmund Wong, 2013-07 Growing up in Singapore in the 80s has been challenging I didn't know much about life or economy I didn't know what I want to do apart from playing I know I had to study and get a job In school we had to write composition about our profession when we grow up I had never wanted to be a philosopher let alone writing about social philosophy It is just that growing up with a single parent is tough It is tougher when she is uneducated and I had to learn most things by myself After my National Service I decided to further studies That was when I was exposed to philosophy and psychology in the UK After graduation in 1999 with a degree in Electronics I came back home to resume my National Service I disrupt it and had about 2 months left The life in UK exposed me to something that I did not notice when growing up in Singapore I find local social scene unsatisfactory They are Confucians Muslims Christians freethinkers and humanists Most time they are preoccupied with how to earn more money Religion does not give me the fulfillment that it promised In addition most were based on Singaporeans interpretation of the Bible and Buddhism's dharma Most times I feel that everything that Singaporeans do has got to do with wealth creation or at least with the expenditure of it It end up like what Pope Francis referred to as the cult of money Organised religion involves more fear mongering than cultivating an inner grace and peace Hence this book is about how I relate an ancient thinker's ethics Aristotle to the present day I find Aristotle's ethics to most suit my needs as a man and lover It does not pretend to be more than what it seek the golden mean It does require us to think and explore the values to find balance and achieve wisdom with intellectual and moral virtues I also find other philosophers French or not particularly insightful and thought provoking They offer me explanation and exploration on subjects like love sex and death Freudian psychoanalysis are also very penetrating in their findings and insights Moreover I needed some contemporary psychological theory not in depth psychoanalysis to back Aristotle's model of ethics intellectual and moral virtues Hence the psychological background of my book I got acquainted with these psychological theories when I was preparing myself to be a financial consultant I later found out more about them and they became useful in my work and

life Hence I would like to share it with people in Asia so that they can ask the right kind of questions in life in order to learn more about themselves and the social milieu they are living in Because everyone of us are affected by the social sciences politics economics and sociology This book will I hope allow us to understand why we are irrational and how we can make rational changes through reasonings in their life and achieving eudaimonia My wish is simply to share what I enjoy doing apart from creating useful ideas to improve the world Through my book I hope to make others understand religion science and philosophy and how they play an increasingly integral part in the Asian century [The Nicomachean Ethics of Aristotle, books i.-iv., omitting i, 6, and x, 6-9, tr. with a catechetical analysis by St. G. Stock Aristoteles,1897](#) **Commentary on Thomas Aquinas's Treatise on Happiness and Ultimate Purpose** J. Budziszewski,2020-01-09 Explores the meaning of life and nature of happiness through the lens of Thomas Aquinas s classical treatise **Commentary on Thomas Aquinas' Treatise on Law** J. Budziszewski,2014-09-22 An unparalleled commentary on Thomas Aquinas s Treatise on Law providing a go to text for one of the foundations of laws ethics and morality **Harvey's Views on the Use of the Circulation of the Blood** John Green Curtis,2022-06-02 Harvey s Views on the Use of the Circulation of the Blood is a scientific book by John G Curtis on body circulation This book covers the attitude of Harvey toward the use of circulation circulation and the use of information and other things associated with circulation It also covers some concepts associated with blood
