Donnelly,2010-11-29 Transforming an Army at War examines the origins of the modular concept the reasons for undertaking it and the process for develop ing modular unit designs The Army had been exploring the notion of modularity since shortly after the end of the Cold War Modularity at its most basic was the idea for creating a pool of standardized self contained units combat support and headquarters that could plug into and unplug from unit formations as needed with minimal augmentation or reorganization A modular force would greatly improve the Army s ability to configure packages of units tailored for specific missions by the regional combatant commands By the summer of 2003 wars in Iraq and Afghanistan had markedly strained the Army General Peter J Schoomaker chief of staff of the Army as of 1 August 2003 believed that these operations along with the demands of an open ended Global War on Terror called for a major change in how the service organized its forces In early September 2003 he ordered the U S Army Training and Doctrine Command to begin the process of converting the Army to a modular brigade based force This would be the most far reaching transformation of the operational forces since World War II and the most radical since the Pentomic reorganization of the late 1950s The chief of staff identified the 3d Infantry Division scheduled to return to Iraq in early 2005 as the first formation to change to a modular structure He also directed that normal force development methods not be used Instead an ad hoc group Task Force Modularity would draw up the modular force plans By the time the task force disbanded in February 2005 most of the major design decisions for the modular force had been made and modular brigade combat teams of the 3d Infantry Division had deployed to Iraq This account of designing the modular force highlights a critical part of the Army s program to prepare itself for an increasingly turbulent world and illustrates the intellectual and organizational resources the service can call on in that effort **Professional Journal of the United States Army** ,1992-07 **Sleep in the Military** Wendy M.
