Democratization and Gender in Contemporary Russia Suvi Salmenniemi, 2008-05-20 This book examines civic activism democratization and gender in contemporary Russian society It describes the character and central organizing principles of Russian democratic civic life considering how it has developed since the Soviet period and analyzing the goals and identities of important civic groups including trade unions and the meanings they have acquired in the context of wider Russian society In particular Suvi Salmenniemi investigates the gender dimensions both masculine and feminine of socio political participation in Russia considering what kinds of gendered meanings are given to civic organizations and formal politics and how femininity and masculinity are represented in this context Exploring the role of state institutions in the development of democratic civic life the volume shows how under the increasingly authoritarian Putin regime and its policy of managed democracy independent civic activism is both thriving yet at the same constrained Based on extensive fieldwork research it provides much needed information on how Russians themselves view these developments both from the perspective of civic activists and the local authorities

Israel's Civil-Military Relations and Security Sector Reform Ian Westerman, 2024-02-13 This book examines Israel s civil military relations CMR in order to explore alternatives to orthodox Western models of security sector reform SSR in post conflict societies This book argues that the guidelines of SSR have always tended to draw on theoretical work in the field of CMR and focus too heavily on Western liberal democratic models of governance Consequently reform programs based on these guidelines and intended for use in post conflict and conflict affected states have had at best mixed results The book challenges the necessity for this over reliance on traditional Western liberal democratic solutions and instead advocates an alternative approach It proposes that by drawing on an unconventional CMR model that in turn references the specific context and cultural background of the particular state being subject to reform there is a significantly higher chance of

success Drawing on a case study of Israel s CMR the author seeks to provide practical assistance to those working in this area and considers the question of how this unorthodox CMR model might usefully inform post conflict and conflict affected SSR programmes This book will be of interest to students of military studies security studies Israeli politics and International Relations **The Civil Service Record** ,1890 **American Men of Letters: George William Curtis** Edward Cary,1894
