Art and Idea in the Novels of China Miéville Carl Freedman,2015-09-07 This book offers in the first six chapters critical readings of six novels by China Mi ville which are followed in the seventh chapter by a theoretical meditation on some of the conceptual issues raised by and engaged in the Mi ville oeuvre There comes a moment in The City the City though it is not necessarily the same moment for every reader when you realise that Beszel and Ul Qoma are not separate realms but the same space divided Likewise art and idea are often subject to absurd partition but then along comes an author such as China Mi ville who shows them to be in truth indissoluble So argues Freedman s inordinately readable and just as rigorous account of Mi ville s major novels Highly recommended Mark Bould University of the West of England

Freedman offers a compelling interpretation of Mi ville s novels informed equally by an impressive range of literary influences and a carefully documented exploration of historical antecedents Seeing Mi ville s genre hybridity as an illustration of the power of dialectical thinking Freedman illuminates the complex utopian project of Mi ville s fiction Freedman is one of our finest critical voices on Mi ville one of the most important speculative writers of the 21st century Sherryl Vint University of California Riverside
