Mowbray, 2007 This second edition provides students with a selection of the leading jurisprudence together with commentary on the major rights enshrined in the European Convention of Human Rights It also examines the creation of the Convention and the role of the institutions and remedies available at the European level Jehovah's Witnesses and the Third Reich M. James Penton, 2004-01-01 Using materials from Witness archives the U S State Department Nazi files and other sources M James Penton demonstrates that while many ordinary German Witnesses were brave in their opposition to Nazism their leaders were quite prepared to support the Hitler government from publisher description **Jehovah's Witnesses in Europe** Gerhard Besier, 2016-08-17 The religious association of Jehovah s Witnesses has existed for about 150 years in Europe How Jehovah s Witnesses found their way in these countries has depended upon the way this missionary association was treated by the majority of the non Witness population the government and established churches In this respect the history of Jehovah s Witnesses in Europe is also a history of the social constitution of these countries and their willingness to accept and integrate religious minorities Jehovah s Witnesses faced suppression and persecution not only in dictatorships but also in some democratic states In other countries however they developed in relative freedom How the different situations in the various national societies affected the religious association and what challenges Jehovah s Witnesses had to overcome and still do in part even until our day is the theme of this history volume **Jehovah's Witnesses** Edmond C. Gruss, 2001 **Cases, Materials and Text on National, Supranational and International Non-Discrimination Law** Dagmar Schiek, Lisa Waddington, Mark Bell, Tufyal Choudhury, Olivier De Schutter, Janneke Gerards, Aileen McColgan KC, Gay Moon, 2007-08-31 This casebook the result of the collaborative efforts of a panel of experts from various EU Member States is the latest in the Ius Commune Casebook series developed at the Universities of Maastricht and Leuven The book provides a comprehensive and skilfully designed resource for students practitioners researchers public officials NGOs consumer organisations and the judiciary In common with earlier books in the series this casebook presents cases and other materials legislative materials international and European materials excerpts from books or articles As non discrimination law is a comparatively new subject the chapters search for and develop the concepts of discrimination law on the basis of a wide variety of young and often still emerging case law and legislation The result is a comprehensive textbook with materials from a wide variety of EU Member States The book is entirely in English i e materials are translated where not available in English At the end of each chapter a comparative overview ties the material together with emphasis where appropriate on existing or emerging general principles in the legal systems within Europe The book illustrates the distinct relationship between international European and national legislation in the field of non discrimination law It covers the grounds of discrimination addressed in the Racial Equality and Employment Equality Directives as well as non discrimination law relating to gender In so doing it covers the law of a large
