14 November P1 Memo:

American Empire Neil Smith, 2004-10-29 Annotation American Empire challenges our deepest assumptions about the rise of American globalism in the twentieth century and puts geography back into the History of what is called the American Century **The Bihar Gazette** Bihar (India), 1963-10 Australia and the New World Order David Horner, 2011-02-07 Comprehensive study of Australia's role in the peace enforcement operations that developed at the end of the Cold War

Parliamentary Papers Great Britain. Parliament. House of Commons, 1984 **The Making of Mission Communities in East Africa** Robert W. Strayer, 1978-01-01 The Making of Mission Communities in East Africa calls into question a number of common assumptions about the encounter between European missionaries and African societies in colonial Kenya The book explores the origins of those communities associated with the Anglican Church Missionary Society from 1875 to 1935 examines the development within them of a mission culture probes their internal conflicts and tensions and details their relationship to the larger colonial society Professor Strayer argues that genuinely religious issues were important in the formation of these communities that missionaries were ambivalent in their attitudes toward modernizing change and the colonial state alike and that mission communities possessed substantial attractions even in the face of competition with independent churches Dr John Lonsdale of Trinity College Cambridge has said that It is a sensitive piece of revisionist history which breaks down the simple dichotomy of missions and Africans commonly found in earlier historiographies and even in the period of profound crisis over female circumcision in Kikuyuland In this Professor Strayer shows convincingly how mission communities could be preserved from destruction by principled divisions between Africans as much as between their white missionaries He has pursued themes rather than events and has therefore been able to make remarkably intimate observations of mission communities which were following their own internal patterns of growth yet within the context of a deepening situation of colonial dependence *Memorandum to the Justice Select Committee* Great Britain: Ministry of Justice, 2011-12-19 The Freedom of Information Act 2000 received Royal Assent on 30 November 2000 and came into full effect on 1 January 2005 The Act gave the public for the first time a statutory right subject to appropriate limitations to i find out if a public authority held specified information and ii if so to be provided with access to it This Memorandum revisits the original objectives and evaluates whether those have been met It is felt that the FIOA has become embedded in the culture of public authorities and its effects on openness and transparency are clear The successes do not come without cost however primarily in the form of concern at the time taken to process and respond to FOI requests to conduct public interest tests and consider exemptions The extent though to which original decisions are neither complained against or are upheld on complaint indicate that the FOIA is working largely as it should **House Documents, Otherwise Publ. as Executive Documents** United States.
