2014 June Zimsec Time Table A Level:

Zimbabwe International Monetary Fund. African Dept.,2014-07-22 EXECUTIVE SUMMARY Zimbabwe's performance under the Staff Monitored Program SMP has been broadly satisfactory through the difficult electoral transition period and the authorities have taken corrective measures to restore a track record of policy implementation going forward. In the attached Letter of Intent LOI the authorities outline progress in implementing the SMP, the agreed quantitative targets and structural benchmarks to be monitored for the third review and their plans to advance the structural reform agenda and to more generally strengthen performance under the SMP. Performance under the staff monitored program: The SMP provided a useful anchor for Zimbabwe in an election year. However, progress in implementing the program was slowed by a long electoral process and a protracted post-election transition as well as an adverse external environment. Thus, a number of quantitative targets and structural benchmarks were not met. The authorities have begun implementing policy measures and a program of reforms aimed at addressing the fiscal gap that has emerged for 2014, improving the quality of public expenditures, enhancing financial sector stability and moving forward delayed structural reform measures. The authorities have reiterated their continued commitment to the policies agreed under the SMP and to enhanced engagement with the creditors and the international community. The authorities have agreed to the publication of the Letter of Intent and the staff report. **Zimbabwe's Economy** Kenneth Mahuni, James Zivanomoyo, Puruweti Siyakiya, Simba Mutsvangwa, 2025-02-17

This book traces the economic history of Zimbabwe from independence to the present day. Through a comprehensive historical examination, it highlights the short-lived successes in the early years after independence and the dwindling colonial economy as well as the economic problems of the decades that followed. The authors identify crucial flaws in the country's economic policies and highlight several dilemmas in the implementation of policies that exacerbated the country's deep-seated structural problems. The book provides deep insights into the economic and social realities of post-colonial states in Africa and offers important lessons for other African countries. Zimbabwe's Harmonized Cash Transfer Programme: 12-month impact report on productive activities and labour allocation

Food and Agriculture Organization of the United Nations, 2018-04-13. This impact evaluation report uses a 12-month panel data set with a non-experimental design to analyse the impact of the Harmonized Cash Transfer Programme (HSCT) on individual and household economic decision-making, including agricultural and non-agricultural productive activities and assets, labour supply, credit and social networks. Attention is also paid to the role of household agricultural activities in household nutrition and dietary diversity. The general framework for empirical analysis consists of a double difference estimation approach with a counterfactual. The findings reveal positive impacts of the HSCT on livelihood and nutrition indicators, although impacts vary based on the degree of labour constraint among beneficiary families. **SADC Gender Protocol 2014 Barometer** Morna, Colleen Lowe, Dube, Sifiso, 2014-10-25.
