Minerals Yearbook Geological Survey, Interior Department, Mines Bureau, 2019-01-31 This volume covering metals and minerals contains chapters on approximately 90 commodities In addition this volume has chapters on mining and quarrying trends and on statistical surveying methods used by Minerals Information plus a statistical summary *Principles of Clinical Medicine for Space Flight* Michael R. Barratt, Ellen S. Baker, Sam L. Pool, 2020-01-02 In its first edition *Principles of Clinical Medicine for Space Flight* established itself as the authoritative reference on the contemporary knowledge base of space medicine and standards of care for space flyers It received excellent notices and is used in the curricula of civilian and military training programs and used as a source of questions for the Aerospace Medicine Certifying Examination under the American Board of Preventive Medicine In the intervening few years the continuous manning of the International Space Station has both strengthened existing knowledge and uncovered new and significant phenomena related to the human in space The Second Edition incorporates this information Gaps in the first edition will be addressed with the addition new and revised chapters This edition is extensively peer reviewed and represents the most up to date knowledge **Fake Science** Austin Ruse, 2017-07-17 If you listen to any political argument you re eventually bound to hear something like The science is settled on this Or Just look at the statistics Or There have been studies that say You d think we were living in the golden age of science and reason But the truth is far more sinister says Austin Ruse We re actually living in the age of the low information voter easily mislead by all too convincing false statistics and studies In *Fake Science* Ruse debunks so called facts used to advance political causes one after the other revealing how poorly they stand up to actual science **Assured Destruction** David Bath, 2020-03-15 *Assured Destruction Building the Ballistic Missile Culture of the U S Air Force* documents the rapid development of nuclear ballistic missiles in the United States and their equally swift demise after the Cuban Missile Crisis revealing how these drastic changes negatively influenced both the Air Force and the missile community David W Bath contends that the struggle to create and control nuclear ballistic missiles threatened both the dominance of the United States during an intensifying Cold War and the strategic airpower mission of the newly created Air Force The book details the strenuous efforts required to create and prepare a missile arsenal before the Cuban Missile Crisis which occurred only five years after the first missile was declared operational It uses the personal recollections of former missileers and the professional military education theses they wrote to highlight some of the concerns that have faced the missileers who operated and worked on these powerful weapons from 1957 to the present The highlight of the book however is the personal stories of the missileers who served during the missile crisis revealing the efforts that they went to in order to prepare these unique and untried weapons for what many thought might become the third world war **Strengthening Data Science Methods for Department of Defense Personnel and Readiness Missions** National Academies of Sciences, Engineering, and Medicine, Division on Engineering and Physical Sciences, Board on Mathematical Sciences and Their

Applications, Committee on Applied and Theoretical Statistics, Committee on Strengthening Data Science Methods for Department of Defense Personnel and Readiness Missions, 2017-03-06 The Office of the Under Secretary of Defense Personnel Readiness referred to throughout this report as P R is responsible for the total force management of all Department of Defense DoD components including the recruitment readiness and retention of personnel Its work and policies are supported by a number of organizations both within DoD including the Defense Manpower Data Center DMDC and externally including the federally funded research and development centers FFRDCs that work for DoD P R must be able to answer questions for the Secretary of Defense such as how to recruit people with an aptitude for and interest in various specialties and along particular career tracks and how to assess on an ongoing basis service members career satisfaction and their ability to meet new challenges P R must also address larger scale questions such as how the current realignment of forces to the Asia Pacific area and other regions will affect recruitment readiness and retention While DoD makes use of large scale data and mathematical analysis in intelligence surveillance reconnaissance and elsewhere exploiting techniques such as complex network analysis machine learning streaming social media analysis and anomaly detection these skills and capabilities have not been applied as well to the personnel and readiness enterprise Strengthening Data Science Methods for Department of Defense Personnel and Readiness Missions offers and roadmap and implementation plan for the integration of data analysis in support of decisions within the purview of P R Islamic Ecumene David S. Powers, Eric Tagliacozzo, 2023-11-15 The essays in Islamic Ecumene address the ways in which Muslims from Morocco to Indonesia and from sub Saharan Africa to the steppes of Uzbekistan are members of a broad cultural unit Although the Muslim inhabitants of these lands speak dozens of languages represent numerous ethnic groups and practice diverse forms of Islam they are united by shared practices and worldviews shaped by religious identity To highlight these commonalities the co editors invited a team of scholars from a wide range of disciplines to examine Muslim societies in comparative and interconnected ways The result is a book that showcases ethics education architecture the arts modernization political resistance marriage divorce and death rituals Using the insights and methods of historians anthropologists literary critics art historians political scientists and sociologists Islamic Ecumene seeks to understand Islamic identity as a dynamic phenomenon that is reflected in the multivalent practices of the more than one billion people across the planet who identify as Muslims Streaming and Copyright Law Lasantha Ariyaratna, 2022-09-05 This book examines the challenges posed to Australian copyright law by streaming from the end user perspective It compares the Australian position with the European Union and United States to draw lessons from them regarding how they have dealt with streaming and copyright By critically examining the technological functionality of streaming and the failure of copyright enforcement against the masses it argues for strengthening end user rights The rising popularity of streaming has resulted in a revolutionary change to how digital content such as sound recordings cinematographic films and radio and television broadcasts is used on the internet

Superseding the conventional method of downloading using streaming to access digital content has challenged copyright law because it is not clear whether end user acts of streaming constitute copyright infringement. These prevailing grey areas between copyright and streaming often make end users feel doubtful about accessing digital content through streaming. It is uncertain whether exercising the right of reproduction is appropriately suited for streaming given the ambiguities of embodiment and scope of substantial part. Conversely the fair dealing defence in Australia cannot be used aptly to defend end users acts of streaming digital content because end users who use streaming to access digital content can rarely rely on the defence of fair dealing for the purposes of criticism or review, news reporting, parody or satire or research or study. When considering a temporary copy exception end users are at risk of being held liable for infringement when using streaming to access a website that contains infringing digital content even if they lack any knowledge about the content's infringing nature. Moreover the grey areas in circumventing geo blocking have made end users hesitant to access websites through streaming because it is not clear whether technological protection measures apply to geo blocking. End users have a severe lack of knowledge about whether they can use circumvention methods such as virtual private networks to access streaming websites without being held liable for copyright infringement. Despite the intricacies between copyright and access to digital content the recently implemented website blocking laws have emboldened copyright owners while suppressing end users access to digital content. This is because the principles of proportionality and public interest have been given less attention when determining website blocking injunctions.

Majolica Mania Susan Weber, 2021-01-12 The first comprehensive study of the most important ceramic innovation of the 19th century. Colorful, wildly imaginative and technically innovative majolica was functional and aesthetic ceramic ware. Its subject matter reflects a range of 19th century preoccupations from botany and zoology to popular humor and the macabre. Majolica Mania examines the medium's considerable impact from wares used in domestic settings to monumental pieces at the World's Fairs. Essays by international experts address the extensive output of the originators and manufacturers in England including Minton, Wedgwood and George Jones and the migration of English craftsmen to the U.S. New research including information on important American makers in New York, Baltimore and Philadelphia is also featured. Fully illustrated, the book is enlivened by new photography of pieces from major museums and private collections in the U.S. and Great Britain.

Despite The State: Why India Lets Its People Down And How They Cope M. Rajshekhar, 2024-03 About the Book A LUCID NECESSARY ACCOUNT OF HOW DRASTICALLY THE INDIAN STATE FAILS ITS CITIZENS. The story of democratic failure is usually read at the level of the nation while the primary bulwarks of democratic functioning, the states, get overlooked. This is a tale of India's states of why they build schools but do not staff them with teachers, favour a handful of companies so much that others slip into losses, wage water wars with their neighbours while allowing rampant sand mining and groundwater extraction, harness citizens' right to vote but brutally crack down on their right to dissent. Reporting from six states over thirty-three months, award-winning investigative journalist M. Rajshekhar
