

11. The differentiation between 'evaluate' and 'critically evaluate' can be explained as follows:
- 11.1 When 'evaluate' is used, candidates are expected to respond in either a positive/negative manner or take a neutral (positive and negative) stance, e.g. **Positive:** 'CIDA eliminates time and costs spent✓ on lengthy civil court proceedings.'✓
 - 11.2 When 'critically evaluate' is used, candidates are expected to respond in either a positive/negative manner or take a neutral (positive and negative) stance. In this instance, candidates are also expected to support their responses with more depth, e.g. 'CIDA eliminates time and costs spent✓ on lengthy civil court proceedings✓, because the employer will not be liable for compensation to the employee for injuries sustained during working hours as long as it can be proved that the business was not negligent.'✓

NOTE:

- 1. The above could apply to 'analyse' as well.
- 2. Note the placing of the tick (✓) in the allocation of marks.

12. The allocation of marks must be informed by the nature of the question, cognitive verb used, mark allocation in the marking guidelines and the context of each question.

Cognitive verbs, such as:

- 12.1 Advise, name, state, mention, outline, motivate, recommend, suggest, (list not exhaustive) do not usually require much depth in candidates' responses. Therefore, the mark allocation for each statement/answer appears at the end.
 - 12.2 Describe, explain, discuss, elaborate, compare, distinguish, differentiate, justify, devise, analyse, evaluate, critically evaluate (list not exhaustive) require a greater depth of understanding, application and reasoning. Therefore, the marks must be allocated more objectively to ensure that assessing is conducted according to established norms so that uniformity, consistency and fairness are achieved.
13. Mark only the **FIRST** answer where candidates offer more than one answer for **SECTION B** and **C** questions that require one answer.
14. **SECTION B**
- 14.1 If for example, **FIVE** facts are required, mark the candidate's **FIRST FIVE** responses and ignore the rest of the responses. Indicate by drawing a line across the unmarked portion or use the word 'Cancel'.
 - NOTE:** This only applies to questions where the number of facts is specified.
 - 14.2 If two facts are written in one sentence, award the candidate **FULL** credit. Point 14.1 above still applies.
 - 14.3 If candidates are required to provide their own examples/views, brainstorm this to come up with alternative answers.

What We Don't Talk About When We Talk About Fat Aubrey Gordon,2020-11-17 From the creator of Your Fat Friend and co host of the Maintenance Phase podcast an explosive indictment of the systemic and cultural bias facing plus size people Anti fatness is everywhere In What We Don t Talk About When We Talk About Fat Aubrey Gordon unearths the cultural attitudes and social systems that have led to people being denied basic needs because they are fat and calls for social justice movements to be inclusive of plus sized people s experiences Unlike the recent wave of memoirs and quasi self help books that encourage readers to love and accept themselves Gordon pushes the discussion further towards authentic fat activism which includes ending legal weight discrimination giving equal access to health care for large people increased access to public spaces and ending anti fat violence As she argues I did not come to body positivity for self esteem I came to it for social justice By sharing her experiences as well as those of others from smaller fat to very fat people she concludes that to be fat in our society is to be seen as an undeniable failure unlovable unforgivable and morally condemnable Fatness is an open invitation for others to express disgust fear and insidious concern To be fat is to be denied humanity and empathy Studies show that fat survivors of sexual assault are less likely to be believed and less likely than their thin counterparts to report various crimes 27% of very fat women and 13% of very fat men attempt suicide over 50% of doctors describe their fat patients as awkward unattractive ugly and noncompliant and in 48 states it s legal even routine to deny employment because of an applicant s size Advancing fat justice and changing prejudicial structures and attitudes will require work from all people What We Don t Talk About When We Talk About Fat is a crucial tool to create a tectonic shift in the way we see talk about and treat our bodies fat and thin alike
