About the Book The instant attraction and love that Matthew Baldwin and Chloe Singh feel for each other during their first in person meeting at the beginning of From Across the Pond fuels the rapid development of their relationship The couple s past romantic relationships with their friend Kelly Bonner along with other temptations add wrinkles and drama to their story As all of these relationships develop evolve and become interconnected they rub against the grain of societal and family norms which creates drama and some suspense in the novel It is hopeful that readers will be able to see folks of different skin colors and ethnicities folks in the LGBTQ community and folks in interracial relationships in a more favorable and positive light It s time to let go of the fear that breeds the mistrust and hate and to embrace one another as equal members of the human race It s time to recognize that regardless of skin color ethnicity religious affiliation and sexual orientation no matter how big or small the contribution everyone has something positive to offer to society and civilization About the Author Despite having been declared legally blind for the past twenty years Michael T Bellinger has a Bachelor s degree in Accounting and a Master s in Education He has worked in public accounting as a CPA and in a parochial school as a volunteer classroom teacher
