**THE FRENCH REVOLUTION [1789-1799]
CAUSES OF THE FRENCH REVOLUTION**

There is no a single factor that can adequately explain the outbreak of the 1789 revolution in France. Thus a plethora of factors are attributed to the outbreak of this revolution. These factors can be divided into political, social and economic factors.

***Political Causes of the Revolution**

1) The feudal system of government

Louis xvi's reign began in 1774. His government rewarded the nobility rather than experts. During his reign there was no career open to talent. All top posts in government, army, navy and diplomatic services were reserved for the nobility by birth rather than efficiency and ability. Also higher offices in church were held by the aristocracy. This implies that Louis xvi's government was unmeritocratic [it was not based on merit]. The nobility were all burnt on maintaining their political privileges. Businessmen, financiers, doctors, merchants and lawyers collectively were excluded by chances of birth from most of the dignified offices in the state and church. The middle class supplied much of the funds for the government but disliked their exclusion from politics. This political exclusivism was one of the bitterest grievances of the bourgeoisie. The people of France therefore wanted a better administration.

2) Autocratic rule / Royal absolutism / Tyrannical rule

Louis xvi was a despotic ruler. All power of the government emanated from Louis xvi and he was above the law. He ruled not by permission of the people but by divine right. He ruled without a parliament and his word was the law. By the time of the revolution there was no regular means by which people's needs could be channeled. This despotic government was becoming more and more inefficient. The strongest expression of this power was the lettres de cachet, that is, imprisonment without trial of all people who sufficiently displeased the government [arbitrary imprisonment]. The government of Louis xvi arrested people for trivial cases, often with the use of lettres de cachet. There was no proper trial of the poor. Up to 14 000 arrests were recorded during the reign of Louis xvi and 1500 during the reign of Louis xv. There were no government critics during Louis xvi's reign. The bourgeoisie resented not being able to criticise openly a ridiculous system of government. More so, there was strict censorship during his reign. Editors of newspapers were told what, when and how to write. There was no freedom of speech and expression. Hence a revolution was imminent.

3) The American war of independence / The American Revolution

The French interference into the American war of independence [from Britain] of 1776-1783 caused the French revolution. The war provided a practical example of a revolution. The war led to the spread of new ideas such as freedom against tyranny, need for sovereignty and a constitution. The Americans were fighting against proposed taxation, whilst the French were actually being subjected to taxation. This then prompted the French to revolt against the system.

2014 June A Level History 9155

**Tian Xie, Junhong Bai, Milko Alberto
Jorquera, Laibin Huang**

2014 June A Level History 9155:

A People's History of Detroit Mark Jay, Philip Conklin, 2020-04-17 Recent bouts of gentrification and investment in Detroit have led some to call it the greatest turnaround story in American history Meanwhile activists point to the city's cuts to public services water shutoffs mass foreclosures and violent police raids In *A People's History of Detroit* Mark Jay and Philip Conklin use a class framework to tell a sweeping story of Detroit from 1913 to the present embedding Motown's history in a global economic context Attending to the struggle between corporate elites and radical working class organizations Jay and Conklin outline the complex sociopolitical dynamics underlying major events in Detroit's past from the rise of Fordism and the formation of labor unions to deindustrialization and the city's recent bankruptcy They demonstrate that Detroit's history is not a tale of two cities one of wealth and development and another racked by poverty and racial violence rather it is the story of a single Detroit that operates according to capitalism's mandates

A History of Hezbollah Activities in the Arabian Gulf Region Matthew Levitt, 2015-11-10 This study provides the reader with an insight into the extent to which Hezbollah has circumvented regional and international efforts geared towards combating the organization's clandestine activities Ever since Hezbollah's formation in the early 1980s and right up until the present day the organization's activities have yielded significant strategic gains across the Arabian Gulf region Research findings presented within this paper demonstrate how Hezbollah clearly demands respect among military strategists policy and decision makers alike repeatedly revealing itself as an exemplary Iranian proxy capable of carrying out Iran's bidding whilst avoiding obvious traces of Iranian interference As highlighted throughout this research paper Hezbollah has learnt valuable strategic lessons from a number of confrontations it has entered into with its adversaries For example the group is seemingly aware of the strategic benefits available to it should it decide to prey upon Western nation states reluctance to incur substantial losses to their respective armed forces Other examples include the understanding that the kidnapping of political and military opponents has potential to secure the successful exchange of detainees Following on from the initial US led invasion of Iraq in 2003 Hezbollah's stock has clearly continued to soar during the course of the Iraq War Hezbollah's battle hardened approach to countering better equipped and better manned armed forces is widely understood Less talked about perhaps but clearly equally important as argued in this study are other skills which Iran has come to rely on such as the group's linguistic skills and consequent ability to transfer its military expertise to other insurgent groups keen to mimic Hezbollah's internal proficiency Hezbollah's direct involvement in the ongoing Syrian civil war partly explains how the regime of Bashar Al Assad has stemmed the tide of resistance and begun to gain the upper hand In summary as events in Syria illustrate Hezbollah continues to exert a considerable influence over regional developments and consequently the regional balance of power

Yearbook of International Organizations 2013-2014 (Volumes 1a-1b) Union Of International Associations, Union of International Associations, 2013-06-21 Volume 1 A and B covers international organizations throughout the world comprising their aims

activities and events International Handbook on Education in Southeast Asia Lorraine Pe Symaco,Martin Hayden,2021-12-23 This International Handbook provides a detailed account of the education systems of 11 Southeast Asian nations including Brunei Darussalam Cambodia Indonesia Lao People s Democratic Republic Malaysia Myanmar the Philippines Singapore Thailand Timor Leste and Vietnam It presents a systematic sector by sector explanation of how these national education systems deliver educational services and respond to national and international issues and challenges With 56 chapters the International Handbook is the region s most comprehensive educational reference source In the first of its chapters the editors introduce the regional context and draw attention to the distinctive characteristics of each of the 11 systems Southeast Asia representing 8.5% of the world s population is as dynamic as it is diverse The International Handbook charts progress and establishes a benchmark for documenting future developments It also provides a stepping off point for more detailed investigations of decision making processes and outcomes across the 11 national education systems

Functional Near-infrared Diffuse Optical Spectroscopy (fNIRS) to Explore Mental Health Yu Shang,Chong Huang,Ting Li,2022-09-28 Fourth International Handbook of Mathematics Education M.A. (Ken) Clements,Berinderjeet Kaur,Thomas Lowrie,Vilma Mesa,Johan Prytz,2024-11-19 This fourth international handbook discusses developments not recognized or dealt with fully in the first three Springer Mathematics Education handbooks and tackles controversial issues in the field After starting with a provocative introductory chapter which asks whether controversy is a healthy feature of international mathematics education the four following sections cover a mathematics education in Asia b the roles of theory in research and practice c equity and social justice and d curriculum and change These themes are taken up in 28 chapters by 60 authoritative authors from all continents Each of the four sections is structured on the basis of past present and future aspects Like the first three mathematics education handbooks this handbook provides a very valuable resource for teachers mathematics education practitioners and researchers education policy makers and mathematicians as well as graduate and undergraduate students *Bradstreet's*,1920 **Degradation, Ecological Restoration and Adaptive Management of**
