ICCSM2014-Proceedings of the International Conference on Cloud Security Management ICCSM-2014 Barbara Endicott-Popovsky,2014-10-07 These Proceedings are the work of researchers contributing to the 2nd International Conference on Cloud Security Management Security ICCSM 2014 being held this year at the University of Reading UK on the 23 24 October 2014 The conference chair is Dr John McCarthy Vice President from the Cyber Security ServiceTech UK and the Programme Chair is Dr Barbara Endicott Popovsky from the Center for Information Assurance and Cybersecurity University of Washington Seattle USA As organisations rush to adopt Cloud Computing at a rate faster than originally projected it is safe to predict that over the coming years Cloud Computing will have major impacts not only on the way we conduct science and research but also on the quality of our daily human lives Computation research education and business communities have been exploring the potential benefits of Cloud Computing and the changes these imply Experts have predicted that the move to the cloud will alter significantly the content of IT jobs with cloud clients needing fewer hands on skills and more skills that administer and manage information Bill Gates was recently quoted How you gather manage and use information will determine whether you win or lose Cloud Computing impacts will be broad and pervasive applying to public and private institutions alike Multinational Management Rien Segers,2016-01-29 This casebook demonstrates that the future of global business lies in how well the multinational landscape is charted and how the importance of Asian market leaders is deeply embedded in it It offers international management students and researchers an extensive guide to the business history strategy development and foreign market entry modes used by emerging Asian multinationals The cases focus on well known companies such as Lenovo Alibaba Infosys Huawei Panasonic and Rakuten These companies all of which generate huge revenues in their own countries e g in China India South Korea Taiwan Vietnam are now becoming increasingly sophisticated and striving to become global brands while also enjoying the active support of their governments in terms of their international business Readers will learn about the current multinational landscape in Asia the management challenges and the future implications for traditional western companies seeking to retain their market share Chapters on corporate entrepreneurship human resource management and intercultural competence and current branding trends in Asia will provide a cutting edge update on international business strategy for students and practitioners alike **What Makes a World-Class School and How We Can Get There** James H. Stronge,Xianxuan Xu,2017-06-15 For years students in the United States have lagged behind students in many other countries on such measures of achievement as the PISA and TIMSS assessments In an increasingly globalized world such a gap is worrisome Armed with statistics examples and cautionary tales from Scandinavia to Japan James H Stronge and Xianxuan Xu have written a book that can help educators better prepare students and close that gap In What Makes a World Class School and How We Can Get There you will find Careful analysis of recent international assessment results what they mean and what can be done to improve them In depth profiles of high

achieving education systems around the globe their histories their lessons learned and what they can teach educators and policymakers in the United States Strategies for aligning successful educational approaches from international systems to U S schools which strategies to use in which subjects and with which students Transformative ideas for cultivating a truly world class system of schooling both simple and complex ways to raise the bar for all students no matter what their background Educators in every country must ensure that their students are as prepared as possible to lead a future generation of citizens This thought provoking and copiously researched book provides educators with a blueprint for radical improvement based on the hard learned experiences of their peers around the world

The Politics and Perils of Space Exploration Linda Dawson,2020-11-27 This book examines the U S space program s triumphs and failures in order to assess what constitutes a successful space policy Using NASA and the space industry s complex history as a guide it draws global lessons about space missions and the trends we can expect from different nations in the next decade and beyond Space exploration has become increasingly dependent on cooperation between countries as well as the involvement of private enterprise This book thus addresses issues such as Given their tenuous history can rival countries work together Can private enterprise fill NASA s shoes and provide the same expertise and safety standards Written by a former NASA Aerodynamics Officer at Houston Mission Control working on the Space Shuttle program the second edition of this book provides updated information on U S space policy including the new strategy to return to the Moon prior to traveling to Mars Additionally it takes a look at the formation of the Space Force as a military unit as well as the latest developments in private industry Overall it is a thought provoking resource for both space industry professionals and space enthusiasts

Dual-use life science research and biosecurity in the 21st Century: Social, Technical, Policy, and Ethical Challenges Jonathan E. Suk,Kathleen M. Vogel,Amanda Jane Ozin,2015-06-04 In September 2011 scientists announced new experimental findings that would not only threaten the conduct and publication of influenza research but would have significant policy and intelligence implications The findings presented a modified variant of the H5N1 avian influenza virus hereafter referred to as the H5N1 virus that was transmissible via aerosol between ferrets These results suggested a worrisome possibility the existence of a new airborne and highly lethal H5N1 virus that could cause a deadly global pandemic In response a series of international discussions on the nature of dual use life science arose These discussions addressed the complex social technical political security and ethical issues related to dual use research This Research Topic will be devoted to contributions that explore this matrix of issues from a variety of case study and international perspectives
