International Student Engagement in Higher Education Margaret Kettle, 2017-06-15 Hand in hand with the continuing drive to recruit international students to Western universities goes an interest in student engagement. However, it is often unclear exactly what is meant by engagement. This book goes beyond the policy rhetoric to provide a practice-based explication of international student engagement and its enabling institutional conditions. By utilising a social practice conceptual model, the book explains the multiple dimensions of engagement that are often conflated in policy: the antecedents to engagement, the actions of engaging, and the achievements and outcomes of engagement. As a result, the book is able to address issues such as how English comes to matter in international student academic practice, the teaching and assessment approaches that promote international student engagement, and the metacognitive, cognitive, and affective strategies that international students use to achieve academic and personal transformation.

Profiles of American Colleges -- 2008 Barron's Educational Series, 2008-07-01 Up-to-date facts and figures on enrollments, tuition and fees, academic programs, campus environment, available financial aid, and much more make the 28th edition of Profiles of American Colleges America's most authoritative data source for college-bound high school students, their parents, and high school guidance counselors. More than 1,650 accredited four-year colleges are profiled. An interactive CD-ROM enclosed with the directory guides students to specific schools when they enter details describing their personal academic plans and aptitudes. In addition to the above-cited information, each college profile gives details on Admission requirements, Library and computer facilities, Admissions procedures for freshmen, Campus safety and security, Thumbnail descriptions of faculty, Requirements for a degree, Athletic facilities, Extracurricular activities, E-mail addresses, College fax numbers, and web sites, Admissions Contacts, and much more. Schools are rated according to Barron's well-known competitiveness scale from Noncompetitive to Most Competitive. Unlike some other publications, Barron's refrains from the unreliable practice of ranking colleges on a first-through-last basis. The book's tinted pages section presents a quick reference Index of College Majors that lists all available major study programs at each school. Also profiled are many excellent colleges in Canada and several other countries, as well as brief profiles of religious colleges and American colleges based in foreign countries.
