

JANUARY ... DOES IT BRING YOU JOY?

- 1 January is the time for renewal on many fronts. It's the time of the year to re-evaluate everything. If something or someone doesn't bring you joy, it's pretty pointless carrying on with it. If we want the best, we must do our best. We must keep our family space safe and secure so that we are thriving as a people and as a nation. 5
- 2 In order to live their best lives, people are spreading themselves thinner and thinner with multiple streams of income. In the process we earn more but live less, we lose our focus of what is important.
- 3 With social media, keeping up with other Instagrammers are having a devastating effect on self-perception. Everything appears to be real perfect, but the fabric of our society is frazzled. Use January to take stock and start navigating new ways of doing things. Instead of multiple streams of sole sessions, travel more, and connect with people and places that bring you joy. 10

Banking's Final Exam Morris Goldstein, 2017-05-30 Spurred by the success of the first stress test of US banks toward the end of the global economic crisis in 2009 stress testing of large financial institutions has become the cornerstone of banking supervision worldwide The aim of the tests is to determine which banks are adequately capitalized under severe economic shocks and to order corrective measures for those that are vulnerable In Banking's Final Exam one of the world's leading experts on banking regulation concludes that the tests administered on both sides of the Atlantic suffer from fundamental weaknesses leading to a false sense of reassurance about the safety and soundness of the banking system Some weaknesses can be corrected within the existing bank capital regime but others will require bold reforms including higher minimum capital requirements for the largest and most systemically important banks The banking industry is likely to resist these reforms but this book explains why their objections do not hold water

Overview: MELQO UNESCO, UNICEF, World Bank, Brookings Institution (USA). Center for Universal Education, 2017-08-14 The Measuring Early Learning Quality and Outcomes MELQO initiative began in 2014 as part of the global emphasis on early childhood development ECD Led by UNESCO the World Bank the Center for Universal Education at the Brookings Institution and UNICEF the initiative aims to promote feasible accurate and useful measurement of children's development and learning at the start of primary school and of the quality of their pre primary learning environments Items

are designed for children between the ages of 4 and 6 years Following the premise that many existing tools include similar items the leading organizations core team worked with a consortium of experts non governmental organizations NGOs and multilaterals to build upon current measurement tools to create a common set of items organized into modules for measuring 1 early childhood development and learning and 2 the quality of pre primary learning environments The MELQO core team and experts also collaborated to outline a process for context specific adaptation of the measurement modules resulting from lessons learned from field testing in several countries in 2015 and 2016 The modules are designed to be implemented at scale with an emphasis on feasibility for low and middle income countries LMICs A key question addressed by MELQO was the balance between a global tool suitable for use everywhere and local priorities and goals for children s development

A Brief Overview of China's ETS Pilots Daiqing Zhao,Wenjun Wang,Zhigang Luo,2018-08-27 This book systematically introduces readers to the framework of China s ETS pilots exploring their design and operating process the current state of the carbon market and various barriers encountered To do so it deconstructs the Guangdong ETS which is the largest and

most representative of China's seven ETS pilots. The book subsequently describes and evaluates all seven pilots in terms of their efficiency, macro and micro effects, the method involved in the DEA model, the CGE model, and cost-benefit analysis. In turn, in the assessment section, it demonstrates how some ETS pilots have failed to control carbon emissions due to inordinately high emissions quotas issued by the local government, etc. Further, it argues that ETS should focus on those industries with large emissions and high mitigating potential for the time being and then gradually expand the scale of its coverage. As China's national ETS is slated for launch on the basis of the lessons learned from the ETS pilots, the book offers a timely and valuable resource for all those who want to understand and forecast the development of China's ETS. It includes a wealth of descriptions and explanations of Chinese government policies involving carbon emissions control, making it a unique resource.

Hong Kong Chronicles: Overview & Chronology Hong Kong Chronicles Institute, 2022-06-30. Overview Chronology is the first title of the book series Hong Kong Chronicles by Hong Kong Chronicles Institute. It presents a detailed overview of Hong Kong's local history and more than 6,500 major historical events taking place between ancient times and 2017. The book series consists of 66 volumes to be released in 42 books with 25 million words and completed in phases by 2027. It covers a historical timeline of 7,000 years from the New Stone Age (5,000 B.C.) to the inauguration of the fifth term of the HKSAR government on July 1, 2017. It includes 10 major categories including nature, economy, culture, society, politics, and people, etc. Local chronicles have the important functions of preserving history, providing reference for policymaking, and educating the people. Through the compilation of local chronicles, it serves to seek out, preserve, and promote the stories of people, their socio-economic development, and way of life, as well as political structure. It plays an important role of cultural significance in driving the future by reflecting on the past. The book series is of profound historical significance and cultural value as an accurate, objective, systematic, and comprehensive record of 7,000 years of Hong Kong's transformation.

An Overview of Islamic Finance Mr. Mumtaz Hussain, Asghar Shahmoradi, Rima Turk, 2015-06-02. Islamic finance has started to grow in international finance across the globe with some concentration in few countries. Nearly 20 percent annual growth of Islamic finance in recent years seems to point to its resilience and broad appeal, partly owing to principles that govern Islamic financial activities, including equity participation and ownership. In theory, Islamic finance is resilient to shocks because of its emphasis on risk sharing, limits on excessive risk-taking, and strong link to real activities. Empirical evidence on the stability of Islamic banks, however, is so far mixed. While these banks face similar risks as conventional banks do, they are also exposed to idiosyncratic risks, necessitating a tailoring of current risk management practices. The macroeconomic policy implications of the rapid expansion of Islamic finance are far-reaching and need careful considerations.
