

Surface Weather Map Showing Storm System in the Eastern United States

Figure 2. Simplified surface weather map showing a storm system in the eastern US.

Warm air advection occurs where the wind blows across isotherms from higher pressure (closer to lower pressure) values. Thus, warm air is being transported across a cold front by the horizontal winds. Based on this fact alone, one would expect precipitation at that location to be rising, cold air advection occurs where the wind blows across the isotherms from lower (colder) values to higher (warmer) values. Thus, cold air is being transported by the wind to a warm location, producing falling temperatures.

Based on wind directions and the isotherm pattern on the Figure 2 map, determine the type of air advection (warm or cold) that would be occurring at each station.

3. Winds at station two are occurring at Station _____.

- ☐ A
- ☐ B
- ☐ C
- ☐ D

4. Could air advection occur occurring at Station _____.

- ☐ B
- ☐ C
- ☐ D

5. Generalizing from the map depiction of wind and temperature patterns associated with weather systems, what is the most likely weather expected at Station _____.

- ☐ warm
- ☐ cold

6. Meanwhile, what is the most likely weather at Station _____, an advection.

- ☐ warm
- ☐ cold

7. Areas to the east of Station would be expected to have _____ air advection.

- ☐ warm
- ☐ cold

8. And while you choose from that option, what is the most likely weather at Station _____, an advection.

- ☐ warm
- ☐ cold

Answers For Weather Studies Investigation Manual

John McCain

Answers For Weather Studies Investigation Manual:

Comprehensive Report, Investigation of Airfield Construction in Arctic and Subarctic Regions, 1949 *Aviation Accident Investigations* John McCain, 1999-06 *Practical Methods for Legal Investigations* CLI, Dean A. Beers, 2011-02-09 Legal investigators are responsible for providing factual evidence as the fact finders they are the foundation for the attorneys they work with daily The attorney is responsible for forming and implementing the legal strategy and presenting it to the judge or jury The legal investigator provides checks and balances to ensure that no evidence is **Aviation Accident Investigations** United States.
