Fostering Culture Through Film Elda Buonanno Foley,Patrizia Comello Perry,2016-05-11 The perceived lack of understanding of cultural diversity in the American learning community has led instructors to challenge assumptions and stereotypes while addressing misconceptions Teachers of foreign languages and cultural studies in particular feel the need to redesign curricula and lesson plans to better serve the learning community of the twenty first century The common starting point resides in the paradox that exists in today s connected world while global access to information makes learners aware of the infinite variety of cultural diversity it does not however make them critical thinkers For this reason there is opportunity to reshape critical thinking within a more global perspective while enhancing the tools to identify interpret and compare the different cultural models that learners encounter The book demonstrates the theories and practical applications by which instructors use contemporary film to provide insightful readings on diverse local communities communities that form the basis of global culture This collection of essays will serve as a pedagogical tool and resource offering methods and examples of a communicative approach to analyze and integrate cultural diversities similarities and problems in the second language curricula methods that expose students to different cultural models while scaffolding their critical approach to multiple layers of common and specific values This work will encourage a dialogue and long lasting conversation on methodologies and teaching strategies rethought reapplied and remolded to the new learning environments

An Introduction to Black Studies Eric R. Jackson,2023-01-31 For years the American public education system has neglected to fully examine and discuss the rich history of people of African descent who have played a pivotal role in the transformation of the United States The establishment of Black studies departments and programs represented a major victory for higher education and a vindication of Black scholars such as W E B Du Bois and Nathan Huggins This emerging field sought to address omissions from numerous disciplines as well as myriad distortions stereotypes and myths In An Introduction to Black Studies Eric R Jackson demonstrates the continuing need for Black studies also known as African American studies in university curricula Jackson connects the growth and impact of Black studies to the broader context of social justice movements emphasizing the historical and contemporary demand for the discipline This book features seventeen chapters that focus on the primary eight disciplines of Black studies history sociology psychology religion feminism education political science and the arts Each chapter includes a biographical vignette of an important figure in African American history such as Frederick Douglass Louis Armstrong and Madam C J Walker as well as student learning objectives
