Kapoor, 2008-01-01 The Men Who Killed Gandhi by Manohar Malgonkar takes readers back into the pages of Indian history during the time of the partition featuring the murder plot and assassination of Mahatma Gandhi The Men Who Killed Gandhi is a spellbinding non-fictional recreation of the events which led to India's partition the eventual assassination of Gandhi and the prosecution of those who were involved in Gandhi's murder This historical reenactment is set against the tumultuous backdrop of the British Raj Malgonkar's book is a result of painstaking research and from also having privileged access to many important documents and photographs related to the assassination There is no doubt that Mahatma Gandhi played a leading role in obtaining independence from the British But the problems that ensued afterwards such as the structural rebuilding of the country and the Partition led to many riots massive migrations and deep racial and cultural divides Not

everyone agreed with Gandhi and his ideals As a result a plot to assassinate Gandhi was devised by six individuals named Narayan Apte Gopal Godse Madanlal Pahwa Digambar Badge and Nathuram Godse This was eventually carried out in New Delhi on the 30th of January 1948 Eventually these six individuals were tried and convicted Four of them received life sentences while two of them received the death penalty The first publication of *The Men Who Killed Gandhi* occurred in 1978 during the Emergency years As a result Malgonkar omitted many vital facts including Dr Ambedkar's role in minimizing Savarkar's criminal conviction This 11th edition of the text contains these omitted facts as well as rare documents and photographs obtained from National Archives After the four individuals who were convicted for Gandhi's murder completed their life sentences they were interviewed by Malgonkar These individuals revealed many details to him which were never known before The author also received access to the Kapur Commission from his friend Mr Nayar who was in the Indian Police Service As a result *The Men Who Killed Gandhi* is considered the most historically accurate account of Gandhi's assassination plot *Encyclopedia of Information Science and Technology, Third Edition* Khosrow-Pour, D.B.A., Mehdi, 2014-07-31 This 10 volume compilation of authoritative research based articles contributed by thousands of researchers and experts from all over the world emphasized modern issues and the presentation of potential opportunities prospective solutions and future directions in the field of information science and technology Provided by publisher **An Intuitive Exploration of Artificial Intelligence** Simant Dube, 2021-06-21 This book develops a conceptual understanding of Artificial Intelligence AI Deep Learning and Machine Learning in the truest sense of the word It is an earnest endeavor to unravel what is happening at the algorithmic level to grasp how applications are being built and to show the long adventurous road in the future An Intuitive Exploration of Artificial Intelligence offers insightful details on how AI works and solves problems in computer vision natural language understanding speech understanding reinforcement learning and synthesis of new content From the classic problem of recognizing cats and dogs to building autonomous vehicles to translating text into another language to automatically converting speech into text and back to speech to generating neural art to playing games and the author's own experience in building solutions in industry this book is about explaining how exactly the myriad applications of AI flow out of its immense potential The book is intended to serve as a textbook for graduate and senior level undergraduate courses in AI Moreover since the book provides a strong geometrical intuition about advanced mathematical foundations of AI practitioners and researchers will equally benefit from the book **House of Commons Debates, Official Report** Canada.
