Transformations of Global Prosperity Caf Dowlah,2018-04-19 This book presents an in depth understanding of the transformation of modern economy in the twenty first century by examining the interface and interplay of three key forces of contemporary global economy Foreign Direct Investment FDI Multinational Enterprises MNEs and Global Value Chains GVCs and how the emerging nexus of these forces has already ushered in revolutionary transformation in global production investment trade and employment in recent decades A distinctive feature of the book is that it situates the contemporary GVC revolution that envisages fragmentation and dispersion of production processes across the world based on competitive

costs and quality as a natural progression of the traditional FDI MNEs nexus which emphasized internationalization of production and trade in search of profits resources markets or cheap labour Moreover the book provides a comprehensive analysis from historical theoretical and empirical perspectives of both traditional FDI MNEs Nexus that dominated the world economy until the end of the twentieth century and of the New Nexus of FDI MNEs GVCs that has opened grand opportunities for global prosperity by providing short cut paths to industrialization and economic growth for less developed countries As an exemplar the book examines GVCs in automobiles a medium tech manufacturing activity with numerous backward and forward linkages to demonstrate how the FDI MNE GVC interface in this sector has wedged industrialization employment and trade in six emerging countries regions Brazil Central and Eastern Europe China India Mexico and Thailand
