Curriculum Development and Online Instruction for the 21st Century Fudge, Tamara Phillips, Ferebee, Susan Shepherd, 2021-06-25 The world of education has undergone major changes within the last year that have pushed online instruction to the forefront of learning Thanks to the COVID 19 pandemic online learning has become paramount to the continued and uninterrupted teaching of students and has forced students and teachers alike to adjust to an online learning environment Though some have already returned to the traditional classroom or plan to very soon others have begun to appreciate the value of online education initiatives that had previously been discussed but never acted upon as they have been in the past year With plenty of positive and negative aspects online learning is a complex issue with numerous factors to consider It is an issue that must be studied and examined in order to improve in the future Curriculum Development and Online Instruction for the 21st Century examines the issues and difficulties of online teaching and learning as well as potential solutions and best practices This book includes an examination on the value of teaching fully via the internet as well as the challenges inherent in the training of teachers to teach in online environments While addressing key elements of remote learning such as keeping student data safe as well as methods in which to engage students this book covers topics that include assessment tools teaching deaf students web technology and standardized curricula Ideal for K 12 teachers college faculty curriculum developers instructional designers educational software developers administrators academicians researchers and students this book provides a thorough overview of online education and the benefits and issues that accompany it

Handbook of Academic Integrity Sarah Elaine Eaton, 2023-12-04 The book brings together diverse views from around the world and provides a comprehensive overview of academic integrity and how to create the ethical academy At the same time the Handbook does not shy away from some of the vigorous debates in the field such as the causes of academic integrity breaches There has been an explosion of interest in academic integrity in the last 20 30 years New technologies that have made it easier than ever for students to cut and paste coupled with global media scandals of high profile researchers behaving badly have resulted in the perception that plagiarism is on the rise This in combination with the massification and commercialisation of higher education has resulted in a burgeoning interest in the importance of academic integrity how to safeguard it and how to address breaches appropriately What may have seemed like a relatively easy topic to address students copying sources without attribution has in fact turned out to be a complex interdisciplinary field of research requiring contributions from linguists psychologists social scientists anthropologists teaching and learning specialists mathematicians accountants medical doctors lawyers and philosophers to name just a few Because of this broad interest and input this handbook serves as the single authoritative reference work which brings together the vast growing interdisciplinary and at times contradictory body of literature For both established researchers practitioners and those new to the field this Handbook provides a one stop shop as well as a launching pad for new explorations and discussions

Community-based Research with Vulnerable Populations Lesley Wood,2022-01-01 This book advocates for community based research with vulnerable populations within the field of higher education The chapters outline how research can democratize knowledge generation to make it more accessible and socially relevant and emphasizes the value of the lived and experiential knowledge of vulnerable and marginalized populations Rooted in a critique of the current practices of higher education that fail to support participatory and transformative research the research is structured at micro macro and meso levels to ultimately emancipate colonized thinking of stakeholders about power privilege and participation Focusing primarily on various contexts within the Global South the contributors argue that the time is ripe for community based research which combines the theoretical knowledge of the academy with the local experiential knowledge of those experiencing the consequences of social inequality to co construct knowledge for change

Language and Institutional Identity in the Post-Apartheid South African Higher Education Leketi Makalela,2022-03-21 This book examines the intersections between education identity formation and language in post apartheid South Africa with specific attention to higher education It does so against the backdrop of the core argument that the sector plays a critical role in shaping re producing and perpetuating sectoral class sub national and national identities which in turn in the peculiar South African setting are almost invariably analogous with

the historical fault lines determined and dictated by language as a marker of ethnic and racial identity The chapters in the book grapple with the nuances related to these intersections in the understanding that higher education language policies overt and or covert largely structure institutional cultures or what has been described as curriculum in higher education institutions Together the chapters examine the roles played by higher education by language policies and by the intersections of these policies and ethnolinguistic identities in either constructing and perpetuating or deconstructing ethnolinguistic identities upon which the sector was founded The introductory chapter lays out the background to the entire book with an emphasis on the policy and practice perspectives on the intersections The middle chapters describe the so called White Universities Black Universities and Middle Man Minorities Universities The final chapter maps out future directions of the discourses on language and identity formation in South Africa s higher education
