

a FRANK poem
by CAConrad

on a blind date
Frank speaks with a
hand over his eyes

he's not afraid of
beauty it's just the 1st
time you see someone is
the 1st time

after that it's
the 2nd, 3rd, 4th
until you lose track

he orders a plate of peas
and smells them smells
them smells them

"aren't you going to
eat your peas?" Frank's
faceless date sighs

"no, it's too sinister how
one experience is quietly
consumed by the next"

An Anthology of Arabic Poetry 'Abd al-Wahhāb Anṣārī, 2009 **Fundamentals of the Art of Poetry** Oscar Mandel, 1998-04-01 Fundamentals of the Art of Poetry takes the reader on a journey that sets out with a consideration of the various arts humankind has created and then focuses on the special art of poetry what poetry is what it does and must do in order to succeed for whom it does what it does and in detail how it goes about doing what it tries to do Twenty two chapters deal with subjects like The Constituencies for Art What Meaning Means Acceptable and Unacceptable Propositions The Right Word in the Right Place The Sounds that Matter in Poetry Energetic Metaphor the Major Figure and so on including an eloquent epilogue Touching Genius Writing with great brio and tough minded lucidity the Belgo American poet dramatist scholar and essayist examines a host of concepts concerning the arts in general and poetry in particular This highly original *Ars poetica* will be of interest to general readers college students poets curious about their own metier and last but not least literary critics and theorists who will encounter many a discreet challenge to current ideas in its pages Munera Studiosa Massey Hamilton Shepherd JR., Sherman Elbridge Johnson, 2016-09-30 **The Making and Marketing of Tottel's Miscellany, 1557** J. Christopher Warner, 2016-03-09 First published in the summer of 1557 as the protestant martyrs pyres blazed across England *Songes and Sonettes* written by the ryght honorable Lorde Henry Haward late Earle of Surrey and other more generally known as Tottel s Miscellany is widely regarded as the first anthology of English poetry responsible for introducing Italianate verse forms to England Yet those scholars who have paid attention to the book usually dismiss its literary quality and regard its chief accomplishment as paving the way for the Golden Age of Elizabethan verse to come As Professor Warner makes clear however there is much more historical significance to the Miscellany than merely being a precursor to Shakespeare and Sidney Drawing upon a wealth of historical textual and literary evidence this new study recasts the Miscellany as a peculiar phenomenon of the reign of Mary I Placing it in the context of its European counterparts and its competition in the London book market Warner argues that at heart the Miscellany was a collaborative project between the printer Richard Tottel and law students from the Inns of Court and represented a timely response to the religious political and social upheavals of the English Reformation and Counter Reformation Analysing from both a literary and historical perspective this study reconnects the Miscellany with the social cultural literary and religious milieu in which it was created Warner thus reveals not only the distinctiveness of the book s design compared to other English verse works for sale in 1557 but its function as a patriotic retort to Continental collections of verse including one that put into print a selection of satirical songs and sonnets written by the Spanish caballeros who found themselves reluctant attendants at the court of Mary I Orality, Literacy and Performance in the Ancient World Elizabeth Minchin, 2011-12-09 The ninth meeting in the international Orality and Literacy in the Ancient World series in the fiftieth year since the publication in 1960 of Albert Lord s *The Singer of Tales* took as its theme Composition and Performance This volume contains a selection of those papers

several of which illustrate methodologically innovative approaches to the act of composition the nature of performance and vocalization in text Under consideration are Homer Hesiod Plato Isocrates the orators of the Second Sophistic and Proclus
