341cat Troubleshooting Guide:

The Trusted Doctor Rosamond Rhodes, 2020 The Trusted Doctor rejects the reigning view that medical ethics is nothing more than the application of everyday ethics to dilemmas that arise in today's medical practice. Instead, it presents a new theory of medical ethics that is actually in line with the codes of ethics and professional oaths proclaimed by physicians around the world.

Nutrition Lori A. Smolin, Mary B. Grosvenor, 2019-01-14 Nutrition Science and Applications 4th Edition helps students develop the scientific understanding to support their personal and professional decisions. Using a critical thinking approach, Smolin brings nutrition out of the classroom and allows students to apply the logic of science to their own nutrition concerns both as consumers and as future scientists and health professionals.

Cerebral Palsy Freeman Miller, Steven J. Bachrach, 2017-05-30 When their child has cerebral palsy, parents need answers. They seek up-to-date advice they can count on to make sure their child has the best possible health and well-being. This new edition is thoroughly revised to incorporate the latest medical thinking, including advances in diagnosis, treatment, and terminology. Every chapter includes new content on topics ranging from genetics to pain, temperature control, palliative care, why growth suppression is sometimes recommended, the Affordable Care Act, and how to make it easier for siblings to cope. Chapter 8 has been entirely rewritten to better help adolescents prepare for the transition to adulthood. New classification systems such as the gross motor function classification system and the Functional Mobility System are described and explained. And a number of emerging therapies, including marijuana, oil, cord blood transfusion, deep brain stimulation, epilepsy surgery, and growing spinal rods, are explored. Intended for parents, grandparents, teachers, therapists, and others who care for and about people with cerebral palsy and cerebral palsy-like conditions, this is an essential and compassionate guide.
