Ai Weiwei Disposition:

Ai Weiwei Weiwei Ai, Maurizio Bortolotti, 2014 Published to mark the Disposition exhibition showing in Venice and at the Lisson Gallery London this book comprises landmark works showing Ai Weiwei at the dizzying height of his artistic and polemic powers It also presents a survey of the artist's life and career paths between 2008 and 2013 **Disposition, Ai Weiwei** Weiwei Ai, 2013 **Ai Weiwei: Spatial Matters** Ai Weiwei, 2014-04-04 A richly illustrated exploration of Ai Weiwei's installation and architecture projects focusing on the artist's use of space Outspoken provocative and prolific the artist Ai Weiwei is an international phenomenon In recent years he has produced an astonishingly varied body of work while continuing his role as activist provocateur and conscience of a nation Ai Weiwei is under city arrest in Beijing after an 81 day imprisonment he is accused of tax evasion but many suspect he is being punished for his political activism including his exposure of shoddy school building practices that led to the deaths of thousands of children in the 2008 Sichuan earthquake In 2009 he was badly beaten by the police during his earthquake investigations Ai Weiwei's work reflects his multiple artistic identities as conceptual artist architect filmmaker designer curator writer and publisher This monumental volume developed in association with the artist draws on the full breadth of Ai Weiwei's architectural installation and activist work with a focus on his use of space It documents a huge range of international projects with drawings plans and photographs of finished work It also includes excerpts from Ai Weiwei's famous blog shut down by Chinese authorities in 2009 in which he offers pithy and scathing commentary on the world around him Essays by leading critics and art historians and interviews with the artist drawing out his central concerns accompany the 450 beautifully reproduced color illustrations of his work **Ai Weiwei's Blog** Ai Weiwei, 2011-03-18 Manifestos and immodest proposals from China's most famous artist and activist culled from his popular blog shut down by Chinese authorities in 2009 In 2006 even though he could barely type China's most famous artist started blogging For more than three years Ai Weiwei turned out a steady stream of scathing social commentary criticism of government policy thoughts on art and architecture and autobiographical writings He wrote about the Sichuan earthquake and posted a list of the schoolchildren who died because of the government's tofu dregs engineering reminisced about Andy Warhol and the East Village art scene described the irony of being investigated for fraud by the Ministry of Public Security made a modest proposal for tax collection Then on June 1 2009 Chinese authorities shut down the blog This book offers a collection of Ai's notorious online writings translated into English the most complete public documentation of the original Chinese blog available in any language The New York Times called Ai a figure of Warholian celebrity He is a leading figure on the international art scene a regular in museums and biennials but in China he is a manifold and controversial presence artist architect curator social critic justice seeker He was a consultant on the design of the famous Bird's Nest stadium but called for an Olympic boycott he received a Chinese Contemporary Art lifetime achievement award in 2008 but was beaten by the police in connection with his citizen investigation of earthquake casualties

in 2009 Ai Weiwei's Blog documents Ai's passion his genius his hubris his righteous anger and his vision for China

Exposition de soi à l'époque mobile/liquide Miki Okubo, 2017 Diverses activités situées dans les réseaux sociaux qui vont de la publication aux changes et certaines formes de jeu entrent aujourd'hui en relation avec des pratiques artistiques reconnues Il convient alors de mettre en question leurs dimensions esthétiques et performatives de reconnaître leur inventivité artistique en particulier pour une présentation de soi qui conduit de l'expression à l'exposition **Gilded Age** Ivan

Franceschini, Nicholas Loubere, 2018-04-01 According to the Chinese zodiac 2017 was the year of the fire rooster an animal often associated with the mythical fenghuang a magnificently beautiful bird whose appearance is believed to mark the beginning of a new era of peaceful flourishing Considering the auspicious symbolism surrounding the fenghuang it is fitting that on 18 October 2017 President Xi Jinping took to the stage of the Nineteenth Party Congress to proclaim the beginning of a new era for Chinese socialism However in spite of such ecumenical proclamations it became immediately evident that not all in China would be welcome to reap the rewards promised by the authorities Migrant workers for one remain disposable Lawyers activists and even ordinary citizens who dare to express critical views also hardly find a place in Xi's brave new world This Yearbook traces the stark new gilded age inaugurated by the Chinese Communist Party It does so through a collection of more than 40 original essays on labour civil society and human rights in China and beyond penned by leading scholars and practitioners from around the world Bezalel's Body Katie Kresser, 2019-12-18 When God died art was born

With Christ's crucifixion resurrection and ascension the human imagination began to be remade In Bezalel's Body The Death of God and the Birth of Art Harvard trained art historian Katie Kresser locates the historical roots of the thing we call art She weaves together centuries of art history philosophy theology psychology and art theory to uncover the deep spiritual foundations of this cultural form Why do some people pay hundreds of millions of dollars for a single painting Why are art museums almost like modern temples The answer lies in Christian theology and the earliest forms of Christian image making By examining how cutting edge art trends reveal age old spiritual dynamics Kresser helps recover an ancient tradition with vital relevance for today **Comparative Perspectives on Criminal Justice in China** Michael McConville, 2013-01-01

Comparative Perspectives on Criminal Justice in China is highly recommended The editors have assembled the leading Western and Chinese scholars in the field to examine the administration of criminal justice in China showing both how far the system has come and the challenges that lie ahead This is an important and timely book It is essential reading for anyone who wants to understand or has to deal with the Chinese criminal justice system Klaus M Hlshahn Freie Universität Berlin Germany This highly informative and engaging volume on the Chinese criminal justice system today provides a window into the vagaries of law and its operation in the People's Republic McConville and Pils bring together an impressive array of scholars whose studies span the criminal process From initial police investigation through to prosecution and sentencing of defendants we see how dominant values in the Chinese state and its structures of power make the practice of criminal justice

today still intensely political Susan Trevaskes Griffith University Australia Comparative Perspectives on Criminal Justice in China is an anthology of chapters on the contemporary criminal justice system in mainland China bringing together the work of recognised scholars from China and around the world The book addresses issues at various stages of the criminal justice process investigation and prosecution of crime and criminal trial as well as problems pertaining to criminal defence and to parallel systems of punishment All of the contributions discuss the criminal justice system in the context of China's legal reforms Several of the contributions urge the conclusion that the criminal process and related processes remain marred by overwhelming powers of the police and Party State and a chapter discussing China's 2012 revision of its Criminal Procedure Law argues that the revision is unlikely to bring significant improvement This diverse comparative study will appeal to academics in Chinese law society and politics members of the human rights NGO and diplomatic communities as well as legal professionals interested in China

Protest, Kunst und Theater auf YouTube Iris Cseke, 2018-05-14 Welche Bedeutung haben YouTube und die dort veröffentlichten Videos und Kommentarspalten für neue Formen von Protest Kunst und Theater Die vorliegende Studie geht dieser Frage nach und analysiert mit theaterwissenschaftlichen und empirischen kommunikationswissenschaftlichen Methoden wie sich Inszenierungen zu intermedialen Akteursnetzwerken zwischen Gesellschaft und Technik entfalten und dabei neue Öffentlichkeiten jenseits der Grenzen von Online und Offline Welten entstehen Mit YouTube als institutionellem Rahmen der Videos nicht nur ausstellt sondern aktiv an ihren Produktions und Rezeptionsprozessen mitwirkt werden die Grenzen von Kommunikations und Bühnenräumen von Theater und Kunst Öffentlichkeiten gesprengt lokale Protestereignisse entspinnen sich zu transnationalen Netzwerken So erreichen Protestakteure mit ihren Botschaften zwar neue Adressaten können zugleich aber selbst zur Zielscheibe scharfer Kritik der Online Öffentlichkeit werden

The Dramatic Society Klaas Tindemans, 2022-10-26 All societies are by their very nature dramatic They present themselves especially for those who want to look back in time as a fascinating and confusing whole of theatrical events and constructions Sometimes the theatre itself succeeds in capturing that fascination and confusion This book describes the dramatic society in the form of case studies that link politics history and culture The Dramatic Society uses selected plays to examine specific moments in history Its range of subjects are extremely diverse including Medea as an icon of terrorism a choreography based upon Shakespeare's As You Like It horror movies about the German unification a truth commission dealing with human zoos and the reconstruction of Ai Weiwei's troubles with the tax authorities This collection of insightful essays deals with theatrical performances including happenings installations and movies of the past fifty years with every chapter attempting to link artistic events with politics and political theory from Hannah Arendt to Slavoj Žižek This is a revealing assessment of the ways in which drama and politics become intertwined offering crucial insights for scholars and students of theatre studies performance studies contemporary politics and cultural studies
