Aiag Ppap Manual 4th Edition Forms Including Control Plan:

Advanced Product Quality Planning D. H. Stamatis, 2018-11-12 This book defines and examines the foundations of the APQP Advanced Product Quality Planning methodology. It explains in detail the five phases and relates its significance to national, international, and customer specific standards. It also includes additional information on the PPAP Production Part Approval Process, Risk, Warranty, GD T Geometric Dimensioning and Tolerancing, and the role of leadership as they apply to the continual improvement process of any organization. Features: Defines and explains the five stages of APQP in detail; Identifies and zeroes in on the critical steps of the APQP methodology; Covers the issue of risk as it is defined in the ISO 9001, IATF 16949, the pending VDA, and the OEM requirements; Presents the role of leadership and management in the APQP methodology; Summarizes all of the change requirements of the IATF standard.

Automotive Audits D. H. Stamatis, 2021-03-16 This book addresses the essentials of an automotive audit which is required by all automotive suppliers world wide. They are based on customer specific requirements, ISO standards, and Industry specifications. This book covers both the mandated documents and records that are necessary for compliance, with an extensive discussion on Layered Process Audits and distance auditing. The book addresses the six standards for certification in one volume. It explains why and how an effective audit should be carried out. It identifies the key indicators for a culture change with an audit, explains the process audit at length, discusses the rationale for Layered Process audits, and summarizes all the mandatory documents and records for all standards and requirements. The book covers the issue of risk in auditing and emphasizes the role of a checklist in the preparation process. This book is for those that conduct audits, those that are interested in auditing, and those being audited. It specifically addresses automotive OEMs and their supplier base, but is also of interest to anyone wanting information on auditing.
