The Life and Exploits of the Ingenious Gentleman Don Quixote de la Mancha. Translated from the Original Spanish ... by Charles Jarvis. (The Life of Michael de Cervantes Saavedra, Written by Don Gregorio Mayáns&Siscár ... Translated ... by Mr. Ozell.) [With Illustrations by J. immediately set yourself an impossible task especially if you make any attempt to solve these problems within the framework of materialism i.e. the ideology of anti mind To understand what consciousness actually is it's essential to understand the difference in the world of sleep between dreaming and lucid dreaming Exactly the same dichotomy is present in the waking world A sleepwalker is a person who can do complex tasks such as riding a motorbike for half an hour without any consciousness A conscious version of a sleepwalker engages in what we refer to as lucid waking Lucid waking is the key to consciousness The fact is that consciousness is not an inherent property of human individuals It's not built into them It's acquired just as some people acquire the ability to become lucid dreamers Since sleepwalkers could do many of the same things as conscious individuals the question is invited of why consciousness is required at all If you don't know what consciousness is how can you expand your consciousness to the maximum Wouldn't you like to be maximally conscious Think of the power you would have
