

TRAUMA HEALING 2025 ADVANCED EQUIPPING SESSION

ABOUT THE SESSION

This session, the second of two seminars, continues the equipping process for facilitators in Bible-based Trauma Healing using the book *Healing the Wounds of Trauma: How the Church Can Help* and its associated programme model.

This proven approach uses applied Scripture and some of the best mental health principles to address spiritual and emotional wounds caused by trauma of war, ethnic conflicts, natural disasters, car accidents, abuse, and similar events. The book has been translated and taught in over 100 countries with more than 194 language groups in Africa, Asia, the Pacific, and the Americas.

LEARNING OBJECTIVES

This advanced session hones the skills acquired at the initial session and during the practicum.

By the end of this session:

Trainees should be better able to solve programme issues arising in trauma healing as they carry out their ministries. They should also be able to understand the materials completely and clearly, and teach them in a participatory way. Participants who have the necessary competencies will be certified as training facilitators or healing group facilitators at the end of the advanced session.

WHO SHOULD ATTEND?

Participants must have already attended an initial equipping session and co-led or led at least two healing groups (or equivalent activities) and submitted their reports.
