Beauty Holistic Studies was created by Kate Tierney, an experienced beauty and complementary tutor who understands the demands placed on today's busy students. As well as having jobs and families, students must attend a rigorous class schedule, one that includes intense practical and theory-based subjects. With all of these demands, there is hardly any time left to follow a proper study program. With this in mind, these revision guides have been designed to provide students with the necessary knowledge and tools to pass their exams with ease. Students are able to practice the skills they have learned in college all from the comfort of their own homes.

Multiple Choice Questions on Basic Medical Sciences Urban John Arnold D'souza, 2018-11-18 Multiple Choice Questions on Basic Medical Sciences could help students to learn and get acquainted with the questions that are generally asked in multiple choice questions (MCQ) examinations in basic medical sciences subjects: anatomy, physiology, biochemistry, and pharmacology. The medical curriculum has moved away from the traditional system to an integrated holistic system over the years. Many medical schools have adopted integration in preclinical and clinical years, and students will be evaluated across their subjects as clinical and basic sciences knowledge amalgamates the holistic human body. Integration will allow the student to understand the intricate body systems comprehensively and homeostasis and pathological derangements in the human body. MCQ form of examinations is the complex type of evaluations where students find them as most tedious forms of evaluation. Unless a student has in-depth knowledge in the content of the subject, seldom do they answer the MCQ correctly. Students need to get good exposure and practice while preparing for MCQ examinations. There are very few reference books available on MCQ, students being in the transition period in preclinical years from fresh high school graduation. Basic sciences years of medical education need extra efforts to learn and understand. A form of guide or reference
