Trauma Healing Global Trend:

Healing World Trauma with the Therapeutic Spiral Model Kate Hudgins, Adam Blatner, Francesca Toscani, 2013 This book provides an accessible introduction to the Therapeutic Spiral Model in practice describing how it works its relationship with classical psychodrama neurobiology experiential psychotherapy and clinical psychology how it differs from other experiential methods and how it has been used with diverse populations and in different cultures **Health, Healing, and Shalom** Bryant L. Myers, Erin Dufault-Hunter, Isaac B. Voss, 2015-11-17 Frontiers and Challenges for Christian Healthcare Missions Ever since Jesus's proclamation in word and deed as the Great Physician his followers in mission have assumed that salvation and health are intertwined Yet for every age Christians need to examine how they can best announce the gospel message of God's healing in word and deed in their own context In our era we are often simultaneously grateful for modern medicine and frustrated by its inability to care for the whole person in effective affordable ways In this edited volume authors with an interest in health missions from a wide variety of experiences and disciplines examine health and healing through the theological lens of shalom This word often translated peace names a much more complex understanding of human well being as right relationships with one another with God and with creation Reading various aspects of healthcare missions through these glasses not only yields much needed correctives to current practice but also exposes the Spirit's invitation to participate in God's ongoing work of tending caring and healing our broken world 108-1 Hearing: Global Trends in Trafficking and The "Trafficking in Persons Report", June 25, 2003, *, 2004 Ethnocultural Perspectives on Disaster and Trauma Anthony J. Marsella, Jeanette L. Johnson, Patricia Watson, Jan Gryczynski, 2007-11-26 Crises do not occur in cultural vacuums but help often does Good intentions are not enough Lack of cultural understanding sensitivity and competencies can hamper and even harm the professional response to disasters To help and heal one must know and understand the cultural background of disaster victims Ethnocultural Perspectives on Disaster and Trauma offers readers substantive knowledge in these three vital areas of disaster response In this pioneering volume experts on individual and collective trauma experience posttraumatic stress and related syndromes and emergency and crisis intervention share knowledge and insights on the cultural context of working with ethnic and racial minority communities during disasters In each chapter emotional psychological and social needs as well as communal strengths and coping skills that arise in disasters are documented for major minority groups in the United States including specific chapters on African Americans Native Americans Arab Americans Asian Indians Chinese Americans Caribbean Americans Latin Americans Native Hawaiians and Vietnamese Americans Each chapter features information on Demographics major historical events and core values of each population Important cultural insights including communication styles culture specific disorders and valid assessment instruments Therapeutic and healing traditions versus conventional medicine and therapy Perspectives specific to the population's experience with disaster and trauma Authors recommendations for improving services to the population Practical appendices

for readers new to the field This unique volume is a cultural competency compendium that will increase to the effectiveness of all who respond to disasters It will also be of interest and value to scholars policy makers and health professionals working in the areas of disaster management crisis intervention and trauma Ethnocultural Perspectives on Disaster and Trauma points readers to what the editors call the path beyond simple assistance to healing and the restoration of hope and meaning
