Hollywood's Last Golden Age Jonathan Kirshner, 2012-10-05 Between 1967 and 1976 a number of extraordinary factors converged to produce an uncommonly adventurous era in the history of American film The end of censorship the decline of the studio system economic changes in the industry and demographic shifts among audiences filmmakers and critics created an unprecedented opportunity for a new type of Hollywood movie one that Jonathan Kirshner identifies as the seventies film In Hollywood s Last Golden Age Kirshner shows the ways in which key films from this period including Chinatown Five Easy Pieces The Graduate and Nashville as well as underappreciated films such as The Friends of Eddie Coyle Kluge and Night Moves were important works of art in continuous dialogue with the political social

personal and philosophical issues of their times These seventies films reflected the era s social and political upheavals the civil rights movement the domestic consequences of the Vietnam war the sexual revolution women s liberation the end of the long postwar economic boom the Shakespearean saga of the Nixon Administration and Watergate Hollywood films in this brief exceptional moment embraced a new aesthetic and a new approach to storytelling creating self consciously gritty character driven explorations of moral and narrative ambiguity Although the rise of the blockbuster in the second half of the 1970s largely ended Hollywood s embrace of more challenging films Kirshner argues that seventies filmmakers showed that it was possible to combine commercial entertainment with serious explorations of politics society and characters interior lives

1962 David Krell,2021-05 In the watershed year of 1962 events and people came together to reshape baseball like never before The season saw five no hitters a rare National League playoff between the Giants and the Dodgers and a thrilling seven game World Series where the Yankees led by Mickey Mantle won their twentieth title beating the San Francisco Giants led by Willie Mays in their first appearance since leaving New York Baseball was expanding with the Houston Colt 45s and the New York Mets who tried to fill the National League void in New York but finished with 120 losses and the worst winning percentage since 1900 Despite their record the 62 Mets revived National League baseball in a city thirsty for an alternative to the Yankees As the team struggled through a disastrous first year manager Casey Stengel famously asked Can t anybody here play this game Earlier that year in Los Angeles Dodgers owner Walter O Malley launched Dodger Stadium a state of the

art ballpark in Chavez Ravine and a new icon for the city For the Dodgers Sandy Koufax pitched his first of four career no hitters Maury Wills set a record for stolen bases in a season and Don Drysdale won twenty five games Beyond baseball 1962 was also a momentous year in American history Mary Early became the first Black graduate of the University of Georgia First Lady Jackie Kennedy revealed the secrets of the White House in a television special John Glenn became the first astronaut to orbit Earth and JFK stared down Russia during the Cuban Missile Crisis Weaving the 1962 baseball season within the social fabric of this era David Krell delivers a fascinating book as epochal as its subject **The Celluloid Curriculum** Richard A. Maynard,1971 **Film, Television and the Psychology of the Social Dream** Robert W. Rieber,Robert J. Kelly,2013-11-18 This book demonstrates how social distress or anxiety is reflected modified and evolves through the medium of the motion picture Tracing cinema from its earliest forms the authors show how film is a perfect medium for generating and projecting dreams fantasies and nightmares on the individual as well as the societal level Arising at the same time as Freud s influential ideas cinema has been intertwined with the wishes and fears of the greater culture and has served as a means of experiencing those feelings in a communal and taming environment From Munsterberg s original pronouncements in the early 20th century about the psychology of cinema through the pioneering films of Melies the works of the German expressionists to James Bond and today s superheroes this book weaves a narrative highlighting the importance of the social dream It develops the idea that no art form goes beyond the ordinary process of consciousness in the same way as film reflecting as it does the cognitive emotional and volitional aspects of human nature TV Guide ,2006
