Working Paper ,2003 **State** ,1984 **Regime and Education in Zimbabwe** Bekithemba Dube,Albert Mufanechiya,2024-06-10 This collection focuses on the post independence educational development in Zimbabwe It shows how the ZANU PF regime has presided over the demise of education and covers a wide range of topics such as violence against teachers poor salaries student activism minority languages and curriculum innovations This volume argues that the regime has used education as a tool for repression Curriculum innovations introduced and implemented in Zimbabwe have little to do with improving the performance of the learners and more to do with stopping teachers from pushing the regime change agenda Consequently this has resulted in a nation in crisis marked with high turnover poor economy and mass exodus of teachers and learners The contributors to this volume make various suggestions which could recenter education towards addressing the experiences of the learners as opposed to being used as a tool to push repression and thwart democracy *Bulletin of the Atomic Scientists* ,1983-11 **Beyond WEIRD: Psychobiography in Times of Transcultural and Transdisciplinary Perspectives** Claude-Hélène Mayer,Roelf van Niekerk,Paul J.P. Fouché,Joseph G. Ponterotto,2023-05-27 This volume presents psychobiographical research in non WEIRD Western Educated Industrialized Rich and Democratic contexts and samples focusing on culture transcultural and transdisciplinary work It creates a platform for researchers scholars and scientists from diverse backgrounds to put forth new theoretical and methodological stances in psychobiography thereby making the field more inclusive diverse and equitable The chapters in this volume investigate the role of context across the life course of non WEIRD psychological subjects as well as the interplay between them and their environments across the life span They further elucidate cognitive affective and behavioural aspects of individuals with non WEIRD backgrounds The volume provides a broad and at the same time in depth perspective into psychobiography beyond the usual contexts and therefore has new and original learnings to offer across disciplines and cultures It is a breakthrough in terms of its transcultural and transdisciplinary insights into lives lived in different contexts in the world Every person is in certain respects a like all other persons b like some other persons c like no other persons This book is a challenging and fascinating exploration of extending psychobiography beyond its origins in Europe and America to women and men of different races and social and economic classes from Africa Asia and around the world At its best psychobiography can increase people s awareness of their own subjective experience and that of others contributing to movements for social cultural and political change William McKinley Runyan Professor Emeritus Professor of the Graduate School School of Social Welfare U of California Berkeley Beyond Weird is beyond needed The book triumphantly fills the gap created by a dearth of studies of people other than Western educated European and American men James William Anderson PhD Professor of Clinical Psychiatry and Behavioral Sciences Northwestern University Chicago AF Press Clips United States Department of State. Bureau of African Affairs,1980 **Zimbabwe Human Rights Bulletin** ,2003 **Media, Diaspora and Conflict**

Ola Ogunyemi, 2017-09-04 This edited collection argues that the connective and orientation roles ascribed to diasporic media overlook the wider roles they perform in reporting intractable conflicts in the Homeland Considering the impacts of conflict on migration in the past decades it is important to understand the capacity of diasporic media to escalate or deescalate conflicts and to serve as a source of information for their audiences in a competitive and fragmented media landscape Using an interdisciplinary perspective the chapters examine how the diasporic media projects the constructive and destructive outcomes of conflicts to their particularistic audiences within the global public sphere The result is a volume that makes an important contribution to scholarship by offering critical engagements and analyzing how the diasporic media communicates information and facilitates dialogue between conflicting parties while adding to new avenues of empirical case studies and theory development in comprehending the media coverage of conflict **Rural Development Abstracts** ,1982
