Chemistry Questions and Answers Kingsley Augustine, 2017-08-02 This is a chemistry book which is suitable for students in high schools or secondary schools. It will also serve as a useful tool for students who are preparing for entrance examinations into colleges and universities. First year students in the higher institutions taking courses in chemistry will also find this book very useful. Numerous topics in chemistry have been covered by the questions contained in this handy book. At the end of the question section comes the answer section which supplies all answers to the questions. Therefore students are thus presented with an effective means of self assessment whereby they can determine their individual strengths and revision needs. A constructive review of this chemistry handbook on objective questions will be highly appreciated from buyers so as to give ideas to others who intend to purchase a copy of this book and also to be a form of advice for the author when revising the book.
