Proceedings of the 6th International Conference on Economic Management and Green Development Xiaolong Li, Chunhui Yuan, John Kent, 2023-06-27 This proceedings book, together with the conference, looks forward to sparking inspirations and promoting collaborations. The International Conference on Economic Management and Green Development (ICEMGD) is an annual conference aiming at bringing together researchers from the fields of economics, business management, public administration, and green development for the sharing of research methods and theoretical breakthroughs. The proceedings consist of papers accepted by the 6th ICEMGD, which are carefully selected and reviewed by professional reviewers from corresponding research fields and the editing committee of the conference. The papers have a diverse range of topics situated at the intersecting field of economic management, public administration, and green development. ICEMGD is working to provide a platform for international participants from fields like macro and microeconomics, international economics, finance, agricultural economics, health economics, business management, and marketing strategies, regional development studies, social governance, and sustainable development. The proceedings will be of interest to researchers, academics, professionals, and policy makers in the field of economic management, public administration, and development studies. **2014 International Conference on Mechanical Design, Manufacture and Automation Engineering (MDMAE2014)** D. P.

Yasin, 2014-02-04 Automation Engineering MDMAE2014 is to provide a platform for all researchers in the field of Mechanical, Manufacturing, Automation, and Material Engineering to share the most advanced knowledge from both academic and industrial world and to communicate with each other about their experiences and the most up-to-date research achievements, discussing forward issues and future prospects, seeking a better way to solve practical problems in this field. As the first international conference on MDMAE consisting of five main topics: Mechanical Engineering, Automation Engineering, Manufacturing Systems, Materials Engineering, and Measurement and Test, which offer attendees free space to present their inspiring works and academic achievements mixed with the atmosphere of industry and academia, it has attracted many scholars, researchers, and practitioners in these fields from various countries to get together in this conference, sharing their latest research achievements with each other, enriching their professional knowledge, and broadening their horizons as well.
