What Makes a World-Class School and How We Can Get There James H. Stronge, Xianxuan Xu, 2017-06-15 For years students in the United States have lagged behind students in many other countries on such measures of achievement as the PISA and TIMSS assessments In an increasingly globalized world such a gap is worrisome Armed with statistics examples and cautionary tales from Scandinavia to Japan James H Stronge and Xianxuan Xu have written a book that can help educators better prepare students and close that gap In What Makes a World Class School and How We Can Get There you will find Careful analysis of recent international assessment results what they mean and what can be done to improve them In depth profiles of high achieving education systems around the globe their histories their lessons learned and what they can teach educators and policymakers in the United States Strategies for aligning successful educational approaches from international systems to U S schools which strategies to use in which subjects and with which students Transformative ideas for cultivating a truly world class system of schooling both simple and complex ways to raise the bar for all students no matter what their background Educators in every country must ensure that their students are as prepared as possible to lead a future generation of citizens This thought provoking and copiously researched book provides educators with a blueprint for radical improvement based on the hard learned

experiences of their peers around the world *The Schenley Experiment* Jake Oresick, 2017-04-14 The Schenley Experiment is the story of Pittsburgh's first public high school a social incubator in a largely segregated city that was highly even improbably successful throughout its 156 year existence Established in 1855 as Central High School and reorganized in 1916 Schenley High School was a model of innovative public education and an ongoing experiment in diversity Its graduates include Andy Warhol actor Bill Nunn and jazz virtuoso Earl Hines and its prestigious academic program and pensions lured such teachers as future Pulitzer Prize winner Willa Cather The subject of investment as well as destructive neglect the school reflects the history of the city of Pittsburgh and provides a study in both the best and worst of urban public education practices there and across the Rust Belt Integrated decades before Brown v Board of Education Schenley succumbed to default segregation during the white flight of the 1970s it rose again to prominence in the late 1980s when parents camped out in six day long lines to enroll their children in visionary superintendent Richard C Wallace's reinvigorated school Although the historic triangular building was a cornerstone of its North Oakland neighborhood and a showpiece for the city of Pittsburgh officials closed the school in 2008 citing over 50 million in necessary renovations a controversial event that captured national attention Schenley alumnus Jake Oresick tells this story through interviews historical documents and hundreds of first person accounts drawn from a community indelibly tied to the school A memorable important work of local and educational history his book is a case study of desegregation magnet education and the changing nature and legacies of America's oldest public schools *Challenging Formalization in Education and Beyond* Peter Serdyukov, 2022-11-03

Challenging Formalization in Education and Beyond addresses the effects of today's attempts to organize knowledge processes and performance in education particularly in its ever growing digital environments As on site blended and fully online learning become deeply interdependent secondary and higher education managers and instructors who seek to integrate apply and teach within these formats using standardized rules assessments algorithms and accountability structures may be doing unintended harm to their students Focusing on students performance health cognition behavior and learning outcomes this book analyses how current trends methods and policies in formalization can be challenged and corrected to ensure high quality education Scholars educators administrators and designers of traditional asynchronous precision automated and micro learning formats will come away with new insights and pragmatic solutions for engaging students in more active participatory and creative activities **Brain Maker** David Perlmutter, 2015-05-07 Debilitating brain disorders are on the rise from children diagnosed with autism and ADHD to adults developing dementia at younger ages than ever before But a medical revolution is underway that can solve this problem Astonishing new research sheds light on the influence of the human microbiome in every aspect of health including your nervous system In **BRAIN MAKER** Dr Perlmutter explains the connection between intestinal microbes and the brain describing how the microbiome develops from birth and evolves based on the environment how it can become sick and how nurturing gut health through a few easy

strategies can alter your brain's destiny for the better. With simple dietary recommendations and a highly practical program of six steps to improving gut ecology, BRAIN MAKER opens the door to unprecedented brain health potential. **Women in Science Now** Lisa M. P. Munoz, 2023-10-31 Silver Medal in the Social Change and Social Justice Category 2024 Nautilus Book Awards Winner 2024 Choice Outstanding Academic Title. Women working in the sciences face obstacles at virtually every step along their career paths. From subtle slights to blatant biases, deep systemic problems block women from advancing or push them out of science and technology entirely. *Women in Science Now* examines solutions to this persistent gender gap, offering new perspectives on how to make science more equitable and inclusive for all. This book shares stories and insights of women from a range of backgrounds working in various disciplines, illustrating the journeys that brought them to the sciences, the challenges they faced along the way, and the important contributions they have made to their fields. Lisa M. P. Munoz combines these narratives with a wealth of data to illuminate the size and scope of the challenges women scientists face while highlighting research-based solutions to help overcome these obstacles. She presents groundbreaking studies in social psychology and organizational behavior that are informing novel approaches for combating historic and ongoing inequities. Through a combined focus on personal experiences and social science research, this timely book provides both a path toward greater gender equity and an inspiring vision of science and scientists. Who Wrote This? Naomi S. Baron, 2023-09-12 Would you read this book if a computer wrote it? Would you even know? And why would it matter? Today's eerily impressive artificial intelligence writing tools present us with a crucial challenge: As writers, do we unthinkingly adopt AI's time-saving advantages, or do we stop to weigh what we gain and lose when heeding its siren call? To understand how AI is redefining what it means to write and think, linguist and educator Naomi S. Baron leads us on a journey connecting the dots between human literacy and today's technology. From nineteenth-century lessons in composition to mathematician Alan Turing's work creating a machine for deciphering war-time messages to contemporary engines like ChatGPT, Baron gives readers a spirited overview of the emergence of both literacy and AI and a glimpse of their possible future. As the technology becomes increasingly sophisticated and fluent, it's tempting to take the easy way out and let AI do the work for us. Baron cautions that such efficiency isn't always in our interest. As AI plies us with suggestions or full-blown text, we risk losing not just our technical skills but the power of writing as a springboard for personal reflection and unique expression. Funny, informed, and conversational, *Who Wrote This?* urges us, as individuals and as communities, to make conscious choices about the extent to which we collaborate with AI. The technology is here to stay, Baron shows us how to work with AI and how to spot where it risks diminishing the valuable cognitive and social benefits of being literate. *Ayurveda for Obesity and Gut Health* L. Eduardo Cardona-Sanclemente, 2025-01-07 Explains how Ayurveda has understood and successfully managed obesity for centuries and how you can apply its insights to lose weight and keep it off. Explores individual Ayurvedic body types, how wrong foods and wrong lifestyle affect each type, and how all these components coalesce with our unique

and gut health **Leaders of the Class** Maureen Chapman,James Simons,2025-09-15 Catapult growth with a research based sequence of units for developing in secondary students the leadership identity and skills needed to motivate persevere communicate and collaborate Authors Maureen Chapman and James Simons present a flexible resource rich curriculum featuring routines and supports to pair with existing academic curriculum to foster engagement and achievement for every leader of the class Grades 6 12 teachers can use this book to Engage students in thoughtful reflections and discussions on what defines a leader Empower all students to recognize and develop their leadership skills through the creation of personalized leader profiles Support all students to build self awareness connect with their academic motivation and set meaningful goals Explore tactics with students to persevere through challenges and achieve their goals Teach students the communication and collaboration skills they need to lead Contents Introduction Part 1 Getting Started Chapter 1 The Four Leadership Practices Chapter 2 Leadership Conditions Part 2 Beginning the Units Chapter 3 Launch Unit Chapter 4 Motivate Unit Chapter 5 Persevere Unit Chapter 6 Communicate Unit Chapter 7 Collaborate Unit Conclusion References and Resources Index [REDACTED] [REDACTED] (Adrian Hon),2024-03-28 Gizmodo Lucien Chen King PlayStation Electronic Arts Uber App App gamification Uber Martin Ford J Bradford DeLong Anne Helen Petersen BuzzFeed Can t Even How Millennials Became the Burnout Generation David Sax The Revenge of Analog Real Things and Why They Matter

Embracing the Song of Phrase: An Mental Symphony within **2014 November Grade 11 Life Science Paper 1**

In a world used by monitors and the ceaseless chatter of quick connection, the melodic splendor and mental symphony created by the written term frequently fade into the back ground, eclipsed by the persistent sound and interruptions that permeate our lives.
