Arbitration in Switzerland Dr. Manuel Arroyo,2018-08-06 Arbitration in Switzerland [The DIS Arbitration Rules](#) Gustav Flecke-Giammarco,Christopher Boog,Siegfried H. Elsing,Peter Heckel,Anke Meier,2020-03-20 The

new arbitration rules of the German Arbitration Institute Rules entered into force on 1 March 2018. Drafted over an intense period of eighteen months by a committee of globally recognized experts with the active participation of nearly 300 arbitration practitioners, the Rules stand poised to attract parties seeking dispute resolution not only in Germany but also internationally. This extraordinary book, written by the drafters themselves with more than 550 pages of comprehensive article-by-article commentary, is filled with practical insights and recommendations regarding the application of the Rules. Each provision of the new Rules is given its own chapter in which the following issues and topics are examined in depth for the specific rule under analysis: use of the provision in practice; modifications from the corresponding provision in the 1998 Rules; relationship to the relevant sections of the German Code of Civil Procedure; comparison with relevant regulations and practices in German State court proceedings; detailed expert commentary including analysis of case law and legal scholarship; DIS practice concerning the application of the provision; and comparison with similar provisions in other arbitration rules. An annex contains an extensive collection of reference materials including forms, schedule of costs, and texts of various international arbitration documents. The authors and editors have vast experience as counsel and arbitrators in proceedings conducted under the auspices of the DIS and other arbitral institutions. Their intimate familiarity with all aspects of DIS case administration is of immeasurable value to all stakeholders in arbitral proceedings. A genuine user's guide, the book explains how the new Rules are likely to be applied in practice by the arbitral institution, arbitrators, and parties. Its practical tips regarding the effective conduct of DIS arbitrations elucidate best practices for counsel and arbitrators and make DIS day-to-day case management and decision-making processes more transparent and predictable for users of all levels of experience and expertise.

The Future of High-Cost Credit Jodi Gardner, 2022-07-14. This book proposes a new way of thinking about the controversial and complex challenges associated with the regulation of high-cost credit, specifically payday lending. These products have received significant attention in both the media and political arena. The inadequacy of regulatory interventions has created ongoing problems with the provision of high-cost credit, particularly for consumers with lesser bargaining power and who are already financially vulnerable. The book tackles two specific gaps in the existing literature. The first involves inadequate analysis of the relevant philosophical concepts around high-cost credit, which can result in an oversimplification of what are particularly complex issues. The second is a lack of engagement in both the market and lived experience of borrowers, resulting in limited understanding of those who use these financial products. *The Future of High-Cost Credit* explores the theoretical grounding, policy initiatives, and interdisciplinary perspectives associated with high-cost credit, making a novel and insightful contribution to the existing literature. The problems with debt extend far beyond the legal sphere, and the book will therefore be of interest to many other academic disciplines as well as for those working in public policy and the third sector.
