Oswaal Editorial Board

2014 Grade 11 History Paper 1 Final Exam:

Narrating the Soviet Era in Russian School History Textbooks Olga Konkka, 2025-09-03 This study focuses on how Russian history textbooks published between 1992 and 2021 dealt with the topic of the Soviet period 1917-1991. Representations of this part of Russia's past in school manuals have provoked vivid debates and bolstered government intervention in the field while a gradual shift towards a less critical narrative of the USSR in more recent textbooks is often presented as directed by Vladimir Putin. This study combines research into these texts and inquiry into those who write, publish, approve or criticize them. Bringing together these perspectives provides a more complex view of school textbooks as final products of both top-down and bottom-up processes. This volume is aimed at postgraduate researchers and academics specializing in Soviet history, contemporary Russian politics and society and history education and textbooks. **Oswaal**
