Holmes,2024-07-16 John Paul II spoke of a feminine genius using the phrase to describe the unique and positive contribution of women to relationships the church and society What of men There is considerable debate regarding the nature roles and responsibilities of men What does the church have to say to a boy or young man searching for guidance in developing a genuinely Christian manhood Or to parents schools and communities seeking to cultivate this in their young men Or to the faithful seeking to understand the church s teachings and to apply these in public and private life This book seeks to answer the question Is there a masculine genius Is there a unique and positive contribution men bring to relationships the church and society *National Union Catalog* ,1973 Includes entries for maps and atlases *Early Christianity in South-West Britain* Elizabeth Rees,2020-03-30 This book offers a new assessment of early Christianity in south west Britain from the fourth to the tenth centuries a rich period which includes the transition from Roman to native British to Saxon models of church The book will be based on evidence from archaeological excavations early texts and recent critical scholarship and cover Wessex Devon and Cornwall In the south west Wessex provides the greatest evidence of Roman Christianity The fifth century Dorset villas of Frampton and Hinton St Mary with their complex baptistery mosaics indicate the presence of sophisticated Christian house churches The fact that these two Roman villas are only 15 miles apart suggests a network of small Christian communities in this region The author uses evidence from St Patrick s fifth century Confessions to describe how members of a villa house church lived Wessex was slowly Christianised in Gloucestershire the pagan healing sanctuary at Chedworth provides evidence of later use as a Christian baptistery at Bradford on Avon in Wiltshire a baptistery was dug into the mosaic floor of an imposing villa which may by then have been owned by a bishop In Somerset a number of recently excavated sites demonstrate the transition from a pagan temple to a Christian church Beside the pagan temple at Lamyatt later female burials suggest unusually a small monastic group of women Wells cathedral grew beside the site of a Roman villa s funeral chapel In Street a large oval enclosure indicates the probable site of a Celtic monastery Early Christian cemeteries have been excavated at Shepton Mallet and elsewhere Lundy Island off the Devon coast provides evidence of a Celtic monastery with its inscribed stones that commemorate early monks At Exeter a Saxon anthology includes numerous riddles one of which describes in detail the production of an illuminated manuscript in a south western monastery Oliver Padel s meticulous documentation of Cornish place names has demonstrated that of all the Celtic regions Cornwall has by far the highest number of dedications to a single otherwise unknown individual typically consisting of a small church and a farm by the sea These small monastic cells have hitherto received little attention as a model of church in early British Christianity and the latter part of the text focuses on various aspects of this model as lived out in coastal and in upland settlements on islands and in relation to larger Breton

monasteries Study of 60 Breton sites has demonstrated possible connections between larger Breton monasteries and smaller Cornish cells

Bible Missals and the Medieval Dominican Liturgy Innocent Smith, 2023-11-06 Bible Missals are manuscripts that integrate liturgical prayers for the Mass with the scriptural texts of the Latin Vulgate Long overlooked by scholars Bible Missals offer important evidence for the development of the medieval liturgy and the liturgical use of scripture by medieval Christians This monograph is the first comprehensive analysis of the codicology and contents of Bible Missals Mostly produced in the first half of the 13th century by professional book makers in centers like Paris and Oxford these hybrid manuscripts were customized for secular monastic and mendicant patrons This monograph focuses on Dominican Bible Missals the largest group within the repertoire providing detailed codicological descriptions of each manuscript and analyzing their texts for the Order of Mass and selected liturgical formularies including prayers for the feast of St Dominic For medieval Christians the words and events of scripture were continually called to mind and reenacted in the sacramental rites of the Mass Bible Missals provide important material evidence for this interplay between word and sacrament
