The Soviet Union and Communist China 1945-1950: The Arduous Road to the Alliance Dieter Heinzig, 2015-06-18 Drawing on a wealth of new sources this work documents the evolving relationship between Moscow and Peking in the twentieth century Using newly available Russian and Chinese archival documents memoirs written in the 1980s and 1990s and interviews with high ranking Soviet and Chinese eyewitnesses the book provides the basis for a new interpretation of this relationship and a glimpse of previously unknown events that shaped the Sino Soviet alliance An appendix contains translated Chinese and Soviet documents many of which are being published for the first time The book focuses mainly on Communist China's relationship with Moscow after the conclusion of the treaty between the Soviet Union and Kuomintang China in 1945 up until the signing of the treaty between Moscow and the Chinese Communist Party in 1950 It also looks at China's relationship with Moscow from 1920 to 1945 as well as developments from 1950 to the present The author reevaluates existing sources and literature on the topic and demonstrates that the alliance was reached despite disagreements and distrust on both sides and was not an inevitable conclusion He also shows that the relationship between the two Communist parties was based on national interest politics and not on similar ideological convictions *Forthcoming*

Blasi, 2020-02-14 The SAGE Encyclopedia of the Sociology of Religion takes a look at

the role of religion in society unpacking and evaluating the significance of religion in and on human history and tracing and outlining the social forces and influences that shape religion International Law and Religion Martti Koskeniemi, Mónica García-Salmones Rovira, Paolo Amorosa, 2017-08-15 This book maps out the territory of international law and religion challenging received traditions in fundamental aspects On the one hand the connection of international law and religion has been little explored On the other most of current research on international legal thought presents international law as the very victory of secularization By questioning that narrative of secularization this book approaches these traditions from a new perspective From the Middle Ages early conceptualizations of rights and law to contemporary political theory the chapters bring to life debates concerning the interaction of the meaning of the legal and the sacred The contributors approach their chapters from an array of different backgrounds and perspectives but with the common objective of investigating the mutually shaping relationship of religion and law The collaborative endeavour that this volume offers makes available substantial knowledge on the question of international law and religion Negotiating Gendered Discourses Jane L. Christie, 2015-11-25 It has been argued that the first presidential campaign of Michelle Bachelet in Chile and Cristina Fernández de Kirchner in Argentina used a rhetoric of newness Some political observers have said that as the first women to successfully run for the highest office in these countries they were presented as the new faces of democracy These observers argued that gender was not a determining factor in their electoral success but the focus on this first women frame did generate heavily gendered criticisms of these two candidates *Negotiating Gendered Discourses* addresses these views by asking how the gender factor is negotiated when women from the Southern Cone of Latin America run for high political office In particular Jane L Christie examines how Bachelet and Fernández positioned themselves in relation to the numerous women led social movements and in doing so reveals points of intersection between these contemporary political discourses and existing sources of female authority when negotiating complicated ideological debates about human rights the economy and women's rights *Oxbridge Directory of Newsletters*, 1997 **The Texas Outlook**, 1925 **Bradstreet's**, 1916 **Who's who in America**, 1958 **Machine Design**, 1943 *Bradstreet's Weekly*, 1916 Taranto 1940 Angus Konstam, 2015-11-20 The Royal Navy's attack on Taranto in 1940 heralded a new age of warfare It was the decisive moment in a struggle for dominance of the Mediterranean that had gone on for months as the British and Italian navies both looked to secure maritime supply routes for their colonies With the enormous demands of a global war beginning to tell the British capital ships were simply too thinly spread for a large fleet action against Taranto where the bulk of the Italian fleet lay menacingly How was the Royal Navy to eliminate the threat of the Regia Marina This is the story of one of World War II's most devastating raids recounting how a handful of obsolete Fairey Swordfish biplanes swooped in and destroyed an Italian battleship and badly damaged two more With expert analysis detailed colour illustrations and a gripping narrative this book explains the origins of the attack its planning and execution and what happened in the aftermath **Haines San Mateo**
