Branding Black Womanhood Timeka N. Tounsel, 2022-06-17 CaShawn Thompson crafted Black Girls Are Magic as a proclamation of Black women's resilience in 2013. Less than five years later it had been repurposed as a gateway to an attractive niche market. Branding Black Womanhood: Media Citizenship from Black Power to Black Girl Magic examines the commercial infrastructure that absorbed Thompson's mantra. While the terminology may have changed over the years, mainstream brands and mass media companies have consistently sought to acknowledge Black women's possession of a distinct magic or power when it suits their profit agendas. Beginning with the inception of the Essence brand in the late 1960s, Timeka N. Tounsel examines the individuals and institutions that have reconfigured Black women's empowerment as a business enterprise. Ultimately, these commercial gatekeepers have constructed an image economy that operates as both a sacred space for Black women and an easy hunting ground for their dollars. Ford Bronco Pete Evanow, 2024-03-12 Ford Bronco offers a complete history from the original Bronco's introduction as a 1966 model through the following four generations, ending in 1996, all the way to Ford's all-new brilliantly styled Bronco introduced for the 2021 model year.

Relics of War Jennifer Raab, 2024-09-10 How a single haunting image tells a story about violence, mourning, and memory. In 1865, Clara Barton traveled to the site of the notorious Confederate prison camp in Andersonville, Georgia, where she endeavored to name the missing and the dead. The future founder of the American Red Cross also collected their relics: whittled spoons, woven reed plates, a piece from the prison's dead line, a tattered Bible, and brought them back to her Missing Soldiers Office in Washington, DC, presenting them to politicians, journalists, and veterans' families before having them photographed together in an altar-like arrangement. *Relics of War* reveals how this powerful image produced by Mathew Brady opens a window into the volatile relationship between suffering, martyrdom, and justice in the wake of the Civil War. Jennifer Raab shows how this photograph was a crucial part of Barton's efforts to address the staggering losses of a war in which nearly half of the dead were unnamed and from which bodies were rarely returned home for burial. The Andersonville relics gave form to these absent bodies; offered a sacred site for grief and devotion; mounted an appeal on behalf of the women and children left behind; and testified to the crimes of war. The story of the photograph illuminates how military sacrifice was racialized as political reconciliation began and how the stories of Black soldiers and communities were silenced. Richly illustrated, *Relics of War* vividly demonstrates how one photograph can capture a precarious moment in history, serving as witness, advocate, evidence, and memory. *Napoleon Sarony's Living Pictures* Erin Pauwels, 2024-06-28 Napoleon Sarony was once one of the most famous names in American photography. During the Gilded Age, his grand portrait studio, with its one-story high marquee reproducing the photographer's signature in golden letters, was a New York City landmark visited by celebrities such as Oscar Wilde, Sarah Bernhardt, and Mark Twain. Sarony's story represents a central chapter in the history of photography. *Napoleon Sarony's Living Pictures* documents Sarony's career as New York City's premier portrait

photographer and details a moment when the birth of celebrity culture and growth of mass media helped promote popular acceptance of photography as fine art Sarony's larger than life public image was crucial to demonstrating photography's creative potential At a time when photographers were commonly regarded as straitlaced entrepreneurs or technicians Sarony circulated self portraits in outlandish costumes to assert himself as a flamboyantly eccentric artist These photographic performances forged an authoritative link between the so called father of artistic photography in America and the stylish celebrity portraits that emerged from his studio by the tens of thousands Reconstructing Sarony's biography and bringing to light never before published portraits Erin Pauwels provides an illuminating view of how one artist's quest for creative recognition fueled the rise of celebrity culture and artistic photography in the United States This book will appeal to historians of photography and nineteenth century American visual culture as well as anyone interested in this master of the medium of photography and his celebrity subjects *Automotive News*, 2000 **Gardeners' Chronicle and Agricultural Gazette**, 1867 **"The" Illustrated London News**, 1869 **The Architect**, 1872 *Congressional Record* United States.
