Road and Track, 1980 Motor Sport William Boddy, 1963 **Alfa Romeo, Ferrari, Art & History** Patrick Henz, 2020-10-11 There is one direct link between Alfa Romeo and Ferrari its name is Enzo Anselmo Ferrari Born on the 18th of February 1898 he joined Alfa Romeo in the early 1920s to become one of their many race drivers In the beginning he participated in local events but thanks to his positive results later also competed in more prestigious races Nevertheless his real talent had been the management Thanks to this he founded in 1929 the Scuderia Ferrari which became the official Alfa Romeo racing team Until 1932 Enzo continued as race driver and after this he concentrated on being the team manager In 1937 Alfa Romeo reduced his position to sports director what means practically that his possibility to take decisions had been

drastically limited For Enzo this was not tolerable and as consequence he left the company in 39 Apart from this the ways of both manufactures still crossed many times as key employees changed from one company to the other or as both used the same coach builders to design their fast and elegant creations Even technology transfer happened up to today Alfa Romeo Ferrari Art both Alfa Romeo and Ferrari produced design objects for the global pop culture sometimes reflecting the actual zeitgeist other times being ahead of it and sometimes even creating the fashion As each of the more than 370 presented cars is unique they all have their own story This is not limited to Alfa Romeo and Ferrari but also relates to other companies as Fiat Lancia Lamborghini General Motors and Ford Famous design studios included Pininfarina Zagato and Bertone To have a complete picture besides presenting production cars the book also includes the racing machines and rare show cars
