testimonials This is the best way to learn math Summit Math books are unlike typical textbooks It doesn t matter how you
learn or what speed you go at you can learn at your own pace while still understanding all the material Summit Math Books
have guided me through algebra They are the stepping stones of what it takes to think like a mathematician I really enjoy
learning from these books they clearly demonstrate how concepts are built over other concepts You don t just memorize you
actually understand it Parent testimonials Summit Math Books not only helped my daughter learn the math they helped her
to love learning math in and of itself Summit Math books have a fun self paced way to explain math concepts I am absolutely
thrilled with this math program The books are so well organized and the content builds from one lesson to the next We are
really impressed and grateful for our boys understanding of what the math means not just how to get problems right we
should all learn to understand math this way As the mother of a teenage daughter who previously had occasional difficulty in
math it was refreshing to watch her actually enjoy her math class and to understand the subject matter without struggling I
have three kids that have used Summit Math Using these books they have more freedom to learn and explore at their own
pace during class with notes already incorporated within the book Teacher testimonials Summit Math allows students to
work at their own pace which allows me the opportunity to provide individualized attention to those who need it Summit
Math emphasizes understanding concepts rather than memorizing rules Students take ownership while acquiring the
necessary skills to solve meaningful math problems It has been a real benefit having problem sets that are explicitly designed

to guide students through the development of their understanding of the how and why behind the concepts they are studying
